PINCHOT IS VICTOR IN PRIMARIES

Takes Nomination for Governor of Pennsylvania From Old Guard Leader; Opponents Concede Defeat

Alters Majority in Big Cities Overcome by Back Country; Majority of Winner to Run as High as 32,000

PHILADELPHIA, May 17.—(By United Press Service.)—Clifford Pinchot, "has apparently won the Republican nomination for governor on the face of unofficial returns," W. Harry Baker, secretary of the state Republican committee, declared in a statement issued this afternoon.

Expressing confidence that he had won the nomination, Mr. Pinchot planned to leave Philadelphia today to go fishing. With Mrs. Pinchot he was to leave this afternoon for their home at Milford, Pike county.

Pinchot said he had received word from his campaign headquarters in Allegheny county that the majority would not exceed 32,000.

"I don't want to wait and hear the results," Pinchot said. "I am confident I have won the nomination."

WASHINGTON, May 17.—(By United Press Service.)—Clifford Pinchot has beaten the Republican state machine in Pennsylvania and won the nomination for governor, said a private telegram received here today by Senator Hiram Johnson, Republican of California, from Alexander P. Moore, publisher of the Pittsburgh Leader.

BY UNITED PRESS LEASED WIRE TO TRIBUNE.

By LAWRENCE MARTIN.

United Press Staff Correspondent.

PHILADELPHIA, May 17.—

With 2300 districts in the state still to be heard from, Clifford Pinchot, independent leader of the George E. Allen, organization man for the Republican nomination for governor of Pennsylvania, to 23,000, his headquarters here announced.

If the missing districts maintain Pinchot's present rate of gain, the final count will show him to have been nominated by 31,000.

This total was not claimed by Pinchot supporters, however. They estimated a 10,000 margin.

Abandoning their definite claims of victory, George Allen over Clifford Pinchot in the Pennsylvania gubernatorial primary, state organization leaders today conceded the result was so close it would take the official count to decide it.

The latest available figures on the vote showed that the state, with 2800 districts still missing, Allen had 407,495; Pinchot, 382,352.

Allen carried Philadelphia by 33,162, his vote being 201,011 to 117,849 for Pinchot.

The senatorial contest between George Whitcomb and Congressman William J. Burke for the seat made vacant by the death of Boies Penrose gave Pepper an almost two to one victory.

Harding Asks Steel Men to Conference

BY ASSOCIATED PRESS LEASED WIRE TO TRIBUNE.

WASHINGTON, May 17.—Invitations have been issued for a large number of prominent steel manufacturers of the country to meet with President Harding tomorrow night at a dinner conference. It was said today at the White House.

BY INTERNATIONAL NEWS SERVICE LEASED WIRE TO TRIBUNE.

NEW YORK, May 17.—President Harding has invited 30 or 40 of the country's leading steel makers to meet at the White House Thursday night, the Dow Jones News Service declared today. It is understood that among those invited are E. H. Gary, James A. Farrell, Charles M. Schwab, Eugene C. Grace, William L. Cory, John A. Topping, and J. L. Thompson.

Convicts Imperiled By Break in Levee

BY ASSOCIATED PRESS LEASED WIRE TO TRIBUNE.

ATLANTA, Ga., May 17.—A break in the levee at Bob's Dam early today flooded thousands of acres of lands in the state prison, where more than 1000 convicts are imprisoned. The main buildings of the penitentiary are threatened.

An enormous state-operated sugar refinery has been flooded by the freed waters, which are rapidly spreading over miles of cultivated country.

Boats are being rushed to the prison for rescue work.

Mexico Mine Afire; 4 Bodies Removed

BY ASSOCIATED PRESS LEASED WIRE TO TRIBUNE.

TUCSON, Ariz., May 17.—A telegraphic report received here at 10 p. m. today by the Southern Pacific of Mexico, declared that the Pajarito mine, near Rosario, Sinaloa, is on fire and that the bodies of four dead have been removed. The Pajarito mine is one of the oldest and largest in Mexico.

Senator Freed of Perjury Charge

BY ASSOCIATED PRESS LEASED WIRE TO TRIBUNE.

PHOENIX, Ariz., May 17.—Federal Judge Van Fleet today sustained the demurrer of United States Senator Ralph H. Cameron, Republican, of Arizona, to an indictment which accused the senator of perjury. The indictment was ordered dismissed.

THREE MINUTE TALKS

By AD SCHUSTER

THE PLEA.

THE old man sat near the stove. In the evening the boys would be home with the talk of office and shop. He would listen and it would not be so lonely. They were young, except Jim, who was 40, and their talk was of hope and the beginning of experience. He would sit and listen and maybe Jim would read him the paper. Carl would bring him a sack of tobacco. The old man waited and, to pass the time, fondled a violin he could no longer play.

"Maybe I can play again some day," he said to himself and he thought of stories of other old men who had, in their last years, regained their sight and their hearing. "I wouldn't care if they did call it second childhood," he thought, "if my hands would stop shaking and I could play once more."

The boys scarcely noticed the old man when they came in that night. Jim, grim and intent, ushered Carl into the room and shoved him into a chair.

"We'll wait for George," he said, "and talk this over. But this time you'll not get off." The father looked at the determined face of his eldest son and the bowed head of the youngest and was frightened. George came whistling up the stairs, threw open the door and stopped in the middle of his usual elaborate greeting.

"Again?" he croaked, looking down at Carl.

"Sit down and we'll have it out," Jim's voice was hard and he spoke as a man whose decision is made.

"If Carl has anything to say when I'm through he'll have the chance. You'll bear me out, George, I haven't kicked at paying his bills and you'll remember it was to long ago as I sit right here and hear him promise he'd never go crooked again. I told him then if he couldn't stay straight, I'd kick him out, and you agreed. He's lucky he isn't in jail."

The good-natured George looked helplessly at the elder man and at the silent Carl.

"This total was not claimed by Pinchot supporters, however. They estimated a 10,000 margin."

Abandoning their definite claims of victory, George Allen over Clifford Pinchot in the Pennsylvania gubernatorial primary, state organization leaders today conceded the result was so close it would take the official count to decide it.

The latest available figures on the vote showed that the state, with 2800 districts still missing, Allen had 407,495; Pinchot, 382,352.

Allen carried Philadelphia by 33,162, his vote being 201,011 to 117,849 for Pinchot.

The senatorial contest between George Whitcomb and Congressman William J. Burke for the seat made vacant by the death of Boies Penrose gave Pepper an almost two to one victory.

'RED' REIGN IN CHICAGO FORETOLD

Threatening Letters Shower Police Department and City Officials, Promising Further Terrorizing Acts

"Shoot to Kill" Order Issued as Law Forces Called to Action Following Burning of Huge Apartment House

CHICAGO, May 17.—(By International News Service.)—Red riot and destruction are forecast in dozens of threatening letters which came through the mails today to high city officials, the newspapers, the police, prosecutors and the judges. The letters, carrying defiance at capitalists, orderly society and the Landis wage awards, are signed by such titles as "Red Bombers" and "The Burners of Chicago."

One letter said: "There is going to be a great reign of terror, burning of homes and bombings, if the people stand by and watch the capitalists strangle the thousands of producing people of this city."

As an alternate to such terrorism, the letters dictated that the citizens repudiate the Landis award.

Chief of Police Charles C. Fitzmorris and State's Attorney Robert E. Crowe were among those receiving warning letters. The communications generally were typewritten and contained numerous misspelled words.

"SHOOT TO KILL" CHIEF ORDERS.

Chief Fitzmorris issued an order "to shoot to kill" all suspects found loitering around buildings erected under the Landis award, who refuse to submit to questioning. This action followed the burning last night of a seven-story apartment house, valued at \$200,000, by the terrorists.

The fire was set after warnings had been given other residents of the neighborhood that the building would be burned. The Landis award was eagerly opposed by those who gave the warnings.

Damage to the building, which was being erected in Sheridan Road, Chicago's most exclusive residential section, is estimated at from \$100,000 to \$200,000.

As officials went into conference to discuss details of the campaign to stamp out terrorism and punish those responsible, State's Attorney Robert E. Crowe charged that the fire and recent murders and bombings attributed to the labor war was the work of leaders of the Chicago Building Trades Council, who sought to bring about a general strike here.

MURPHY, MADER BLAMED FOR VIOLENCE.

"Labor, as a whole, has no part in it," Crowe said. "It is gang work."

Crowe likewise declared that the heads of the terrorist gang are "Big Jim" Murphy, Fred Mader, president of the building trades council, and Cornelius ("Con.") Shea. Murphy is under sentence to prison for robbing the United States mails. Shear and Mader are both ex-convicts. The three are now under indictment for murder in connection with the slaying of two policemen last week.

Following a petition for an immediate trial for the three men was continued today by Chief Justice Kitcham Scanlan of the criminal court until next Monday.

Guards were thrown about the county jail today where Murphy, Mader and Shea are confined, in the fear that an attempt would be made by their adherents to liberate them. It is reported that Chief of Police Charles Fitzmorris has been warned that he will be killed if the labor heads are not released.

NAMES OF OFFICERS' SLAYERS REVEALED.

The search for the bombers and gunmen extends beyond the city limits for the first time when raids were conducted at Kankakee and at Chicago Heights. No arrests resulted as far as is known. Police declared today they are in possession of the names of the slayers of Lieutenant Terence Lyons and Patrolman Thomas Clark last week. The names were revealed, they declared, in an alleged confession by Mrs. Margaret Miller, wife of John Miller, who has been identified as the driver of the car in which the slayers fled. Indictments charging murder are to be asked against Mrs. Miller, her husband and the two men they named, according to an announcement from the state's attorney's office. Mrs. Miller will be charged as an accessory, it is said, upon her admission that she gave aid to the fleeing murderers after the slayings.

NEIGHBORS WARNED TO FLEE FIRE.

In the fire which was set last night a building nearing completion and containing 72 apartments was burned. Shortly before the fire broke out, several men went to adjoining buildings and warned the residents to flee.

The force of men employed at the building had left about an hour before the fire broke out. The fire broke out simultaneously in several parts of the building and was well under way before the fire department arrived. Contractors who were building the structure denied they had been forewarned of the fire.

Honored at University Commencement Exercises

A group of university women surrounded by men who have been honored in the presentation of degrees. Upper left, BENJAMIN IDE WHEELER, president emeritus of the university and one of the three men to receive the L. L. D. degree from PRESIDENT DAVID P. BARROWS (upper right), who presided at the exercises. Below, a group of college women who received degrees from President Barrows. Lower left and right, CHIEF JUSTICE LUCIEN SHAW and MAJOR-GENERAL HUNTER LIGGETT, U. S. A., retired, who were made honorary doctors of law; and (insert), WALDO WESTWATER, graduating university student, upon whom was conferred the university medal, the highest honor for scholarship within the gift of the institution.

New U. S. Bid to Hague Drawn; Russ 'Accept'

GENOA, May 17.—(By United Press Service.)—Another note to the United States urging American participation in a European discussion of Russian affairs was prepared by heads of the Genoa conference today.

LONDON, May 17.—(By International News Service.)—The foreign office officials said today that they expected the Genoa conference to come to an end tomorrow.

By HENRY WOOD. United Press Staff Correspondent. GENOA, May 17.—Russia's reply returned a favorable reply to the allied proposal for a conference at The Hague next month.

George Tchitcherine, formally informed the political sub-commission of the Genoa conference that Russia accepted the plan, only reserving the right to introduce certain amendments to the general call for the conference.

The Russian leader repeated his protest against the exclusion of Germany from The Hague meeting.

By S. D. WEYER. International News Service Staff Correspondent. GENOA, May 17.—George Tchitcherine, head of the Russian delegation in the international economic conference, today told the political sub-commission that Russia accepted the plan, only reserving the right to introduce certain amendments to the general call for the conference.

The chief of the Russian delegation pressed a timely suggestion toward the past so as to prevent attacks upon Soviet territory by bands of white or irregular and Polish forces. He charged that Poland and Rumania were harboring Russian "white bands." He produced documents to prove his assertion.

RESOLUTIONS READY FOR PLenary SESSION. GENOA, May 17.—(By the Associated Press.)—The economic commission of the Genoa conference today approved resolutions to be submitted at the next plenary session. The resolutions comprise twenty-four articles dealing with customs duties, commercial arbitration, treatment of people trading in foreign countries, protection of industrial, literary and artistic properties, agriculture and labor. All are qualified by the word "desirable."

The resolution concerning trading in foreign countries suggests non-discrimination against nationals of any country.

The commission also approved as to passports that visa for leaving any country should be abolished.

MIXUP OVER AMERICAN REPLY IS EXPLAINED. WASHINGTON, May 17.—(By the Associated Press.)—French

the flood waters through the canals in order to hold the water back with a view of keeping it in the channel already cut when it rushed through the opening at Housers Bend.

Residents of the lowlands of the Palo Verde valley and near Ripley are fleeing from their homes for the higher lands.

The damage will reach over a million dollars.

U. S., France Agree On Syrian Mandate

GENOA, May 17.—(By the Associated Press.)—The United States and France are about to reach an agreement on the French mandate for Syria, according to information reaching the secretariat of the League of Nations. It is understood the American government's approval is subject to certain conditions which apparently

1922 RECEIVE U. C. DEGREE; NEW RECORD

All World Marks Shattered by '22 Graduation Figures; Wheeler, Liggett, Justice Shaw Are Awarded Honors

Commencement Ceremonies Fixed by Old Traditions; Greek Theater Packed for the Picturesque Exercises

BERKELEY, May 17.—Commencement exercises which set a new world record in the size of a college graduating class, were held this morning at the University of California when 1922 candidates received degrees in the Greek theater. This year's class is 20 per cent larger than that of last year, and sets a new pace for collegiate institutions of the world.

For the first time since the war men exceeded women among today's graduates. Men also carried off the scholastic honors of the day, winning the highest number of honors among the members of the graduating class.

HONOR DEGREES GIVEN TO THREE NOTABLES.

As a feature of the impressive program President David P. Barrows today conferred three doctor of laws degrees, an honorary award bestowed upon persons who have achieved distinguished success in their life work.

Those thus honored by the university through its president were: Lucien Shaw, chief justice of the California Supreme Court and predecessor of Dr. Barrows in office.

Major-General Hunter Liggett, U. S. A., retired, head of the Western department of the army during the war and one of two officers who rose to the rank of lieutenant-general during the World war. This university medal, awarded each year to the "most distinguished" member of the graduating class, was today presented to Waldo Westwater, a graduate in the college of chemistry, engineer from Mount Hamilton. Westwater achieved an unusually brilliant record as a student. While attending college he resided at 1336 Addison street, Berkeley.

An unusual ovation was accorded Dr. Wheeler as he was presented to Dr. Barrows for the L.L.D. degree. Students and alumni joined in paying tribute to the faculty members. Members of today's graduating class and the large audience rose in tribute to Dr. Wheeler, and applause which lasted several minutes greeted the veteran of the war.

Tribute to each of the three distinguished men was paid by Dr. Barrows, in reviewing their life work. With the exception of Sir Auckland Geddes, British Ambassador to the United States, who was the Charter Day speaker at the university, these are the first honorary degrees bestowed by Dr. Barrows since accepting the presidency of the university.

TRADITIONAL FEATURES OF DAY CARRIED OUT.

Beginning at 10 o'clock today's exercises were marked by the traditional features of commencement day. Greek theater, where the graduates and visitors joined in the long academic procession of cap and gown men and women which wended its way under the campus oaks to the Greek theater, where the ceremony was held.

As the procession entered the theater, the processionary march from "The Queen of Sheba" was rendered by the university orchestra under the direction of Paul Steindorf, the audience standing in greeting to the graduates. Invocation was then delivered by Rev. Father Thomas J. Brennan, S. T. L., pastor of St. Joseph's church of Berkeley, with the singing of "America" by the audience following.

MAN, WOMAN GRADUATES DELIVER ADDRESSES.

Representative speakers chosen to represent the graduates addressed the audience. They were Miss Olive Lorena Presler, former president of the Associated Women Students at the university, and Ray Vandervort, candidate for the doctor's degree in the school of jurisprudence.

Governor William D. Stephens was represented at today's graduation exercises by Lieutenant Governor C. C. Young, who delivered military commissions, while General C. G. Morrow, commander of the Ninth Corps Area, presented commissions in the Reserve Officers' Training Corps.

In her address Miss Presler spoke on "The College Course in Retrospect," while Vandervort's subject was "Education in the Future." Vandervort's address was characterized by the American university as a great character building institution and declared that the 600,000 students registered in institutions of learning in this country represented only about one-half of one per cent of the total population of the United States. He urged that a larger attendance in colleges be fostered because of the large number of

The complete list of degrees, scholarships and fellowships awarded today by the University of California appears on Page 22.

France Prepared to Draw Up Debt Plan

PARIS, May 17.—(By the Associated Press.)—The French government has informed the American war debt funding commission that it is ready to send a special mission to the United States to confer regarding the payment of the French debt.

Premier Poincare today handed a note to Ambassador Horlick asking the commission to notify the French government when it would be most convenient to take up the question.

The French budget for 1923 makes no provision for the payment of either interest or capital on the French debt.

Trains Crash Head-On; Score Injured

BY INTERNATIONAL NEWS SERVICE LEASED WIRE TO TRIBUNE.

ST. LOUIS, Mo., May 17.—

Passenger trains met in a head-on collision at 11 o'clock today. Over a score were injured, five seriously.

The two trains were No. 21, bound from this city to Springfield, Mo., and No. 22, north bound from Clinton, Mo., to this city.

State Rests Case In Treason Trial

CHARLESTOWN, W. V., May 17.—(By the Associated Press.)—The state rested its case against William Blizard on a charge of treason this morning. The defense at once moved to compel the state to elect upon what overt act of Blizard it

Colorado River Breaks Levee and Floods Ripley

BY UNITED PRESS LEASED WIRE TO TRIBUNE.

RIVERSIDE, May 17.—Word reached here this morning that the Colorado river has broken through a weak spot in the levee at Housers Bend, and the city of Ripley this morning is under four feet of water which has caused damage that will run into millions.

The new Hotel Ripley, built at a cost of over \$200,000, is in great danger, the water having cut a channel through the city, and is undermining the foundation walls of the hotel and other buildings.

It is conservatively estimated that from 20,000 to 40,000 acres of the finest farming land in the state is under water. Much of this is in crops and the loss to the ranchers will be heavy.

Hundreds of ranchers and other citizens of the valley are battling with the flood waters, endeavoring to strengthen the weak spots while

THIRTEEN TEAMS ENROLLED FOR C. OF C. DRIVE

Manufacturers and Shippers Join in Quest for \$100,000 Income.

One hundred and fifteen Eastbay manufacturers and shippers were today enrolled in thirteen teams to assist in the drive of the Chamber of Commerce for a \$100,000 income. Each team will be headed by a captain, who will cooperate with the special campaign committee.

Together with the members of the executive committee and others who are to assist in raising the Chamber of Commerce income to a point in keeping with that of rival cities, these one hundred and fifteen will meet at a luncheon to be held at the Hotel Harrison at noon tomorrow.

The prospects for a successful drive grow brighter as the day for active solicitation draws nearer, according to those in charge.

"The people of Oakland realize that their city is entering a period of increased activity and that the time is here when we must expand the Chamber of Commerce and make ready for the bigger and better Oakland which is soon to be a reality," said N. J. Whelan, chairman of the campaign committee. The teams announced are as follows:

1—Charles Anderson, Thomas H. Olson, Thomas F. Joyner, William H. Myers, John E. Bankratz, William D. Hamilton, W. J. Shattuck.
2—E. L. Baumgartner, C. D. Cupwell, Donald McClure, H. L. Warrington, O. K. Kenyon, John M. Ross, George Randolph, H. L. Hinnan.
3—R. L. Bushby, Ivor Johnson, A. Johnson, E. C. Allen, Fred P. Reine, Stanley Forsman, Fred A. Gerach, Albert Pierce.
4—F. M. Davidson, Gerald Dasher, A. H. Schaud, W. C. Sage, George Randolph, Joseph Dorrings.
5—C. G. Dwight, John Smith, S. E. Sherman, William Mayhew, H. H. Burrows, William O. Morgan, Alfred Cristie, D. J. McGorrie, William B. Morris, L. W. Jackson, W. P. Williams, George Hayden, B. L. Herrick, Martin Rogers, O. S. Orrick.
6—H. O. Fisher, S. H. Herrick, Leo Strickler, August Manasse, Geo. W. Cryer Jr., Max Greenberg, R. E. Gimbal, R. S. Milligan.
7—C. W. Hightower, Ralph Seely, J. A. M. Sexton, W. J. Robertson, Howard Baxter, Howard Gray, Holmes Ives, Tom Ferguson, Walter Martin.
8—Harry Lundgren, P. S. Luttrell, Mr. Studebaker, Mr. Gregory, Mr. Madden, V. D. Mulkey, J. W. Phillips, Mr. Boyd, Mr. Hollingsworth, Ray Baker.
9—Charles E. Lutz, J. R. Munsell, P. A. Anderson, H. D. Ainsworth, Frank Stewart, W. J. Borgardus, O. Pillar, W. H. Pinkston, H. H. Merriam, F. L. Galbraith, H. E. Lyon, C. E. Thacher, C. Zook Sutton, F. N. Wright, T. J. Hoffman and H. E. Thomas.
11—C. B. Rose, Wilfred M. Ball.

Honeymoon Threatened

MISS WINIFRED HUDNUT, who married Rudolph Valentino before he was finally divorced. Miss Hudnut is known on the stage as Natacha Rambova.

VALENTINO BACK, WOOLWINE PLANS FOR PROSECUTION

If Star Lives With His New Wife Prosecution Will Be Begun.

LOS ANGELES, May 17.—Rudolph Valentino, motion picture hero, will be arrested for bigamy if he spends one night in Los Angeles county with Winifred Hudnut, dancer and designer, who became his bride in Mexico last Saturday.

This was the edict of District Attorney Woolwine, who is known to be in the city, must not live with his new wife here.

According to Woolwine, Jean Ackey, actress from whom Valentino holds an interlocutory decree of divorce, is Valentino's wife before the law of this county until a final decree of divorce is granted. Valentino is believed to have brought Miss Hudnut with him when he returned from Mexico early today but neither could be located.

"We know Valentino is in town," said Deputy District Attorney McClellan, "and are prepared to take proper action."

Giant Frauds Are Charged to Bankers

HAVANA, May 17.—Accused of fraudulently disposing of securities valued at \$1,567,000 deposited by clients of the banking firm of H. Upmann & Company, the president of the bank, Herman Upmann, and his brother, Albert, German citizens, are held in the municipal jail without bond.

At their preliminary hearing yesterday Herman Upmann declared that the securities were hypothecated with the consent of the owners.

Stillman Divorce Testimony Closed

YONKERS, N. Y., May 17.—The divorce suit of James A. Stillman, former New York banker, against Anna U. Stillman closed today, so far as taking of testimony is concerned, when Mrs. Stillman's attorneys, at a conference here, which she attended, decided to call no more witnesses.

U. S. Dry Agent In Texas Slain

HOUSTON, Tex., May 17.—Federal Prohibition Enforcement Agent J. W. Floyd was shot and killed today as he was about to search a garage in the rear of a residence. The police said that Floyd was killed by a fusillade of shots fired from the house.

Bill to Scrap Navy Passed by House

WASHINGTON, May 17.—(By International News Service)—The naval scrapping bill passed the House today without objection or a record vote. It authorizes the President to scrap naval vessels under provisions of the armament conference treaty.

The bill provides also for the conversion of two of the battleship cruisers, now about fifty per cent completed, but which will not be allowed to the navy under the treaty, into naval airplane carriers. The cost of this conversion is placed at \$32,000,000 for the two ships.

United Press Man Banished by Russ

LONDON, May 17.—(By United Press)—Edwin W. Hüllinger, United Press staff correspondent, has been expelled from Russia, following a dispute with the soviet government over his attempt to cable to the United States advance information concerning the Russo-German treaty.

Hüllinger is charged with evading the censorship, although no dispatches have been received from him in other than the regular way. Following an exciting, hurried departure, Hüllinger left Moscow and is today en route to Luga.

Press Sees Only Rows, Suspensions As Genoa Fruits

GENOA, May 17.—(By the Associated Press).—The Socialist newspaper *Lavoro* today sums up the results in the Genoa conference as follows:

First—The creation of an Eastern triple alliance between Germany, Russia and Turkey.

Second—The weakening of the western entente, which now exists only in name, owing to the antagonisms among its members.

Third—The growth of suspicion in America, which from the other side of the Atlantic looks with diffidence upon the problems and miseries of Europe.

Melting Snow Causes Trinity County Flood

REDDING, Cal., May 17.—Melting snow caused a flood in Trinity county that carried out the reservoir dam of the La Grange mine on Oregon Gulch yesterday. The road between Weaverville and Junction City also was washed out. Forty convicts were sent from Big Bar to help citizens repair the roadway, which was reopened today. No other damage was reported by the flood. Officials estimate it will cost \$10,000 to rebuild the La Grange mine dam.

City Asks Aid to Find 'Mysterious' Property Owners

Will someone please page Frank Rockford and C. Demetrack? The city of Oakland, seeking to condemn certain property for municipal uses, has stumbled across a tract owned by Rockford and Demetrack, but cannot find the owners.

To add to the complications, the state of California lurks in the background as a co-owner with Rockford and Demetrack, and all three must be sued at the same time.

The tract in question is on Monticello avenue, where the city wants to do some street work. Rockford, according to the records, disappeared and became delinquent in paying the taxes. The state of California thereupon filed a lien on the property and thus became a litigant in the coming condemnation proceeding.

GENERAL MANAGER NAMED. The board of directors of the Oakland Hospital Corporation has selected C. L. Straub as the general manager of that company. Straub is an industrial engineer.

CAVES IN COLORS. LONDON.—Walking sticks in colors to match their owners are popular with the women this year.

---Thursday! Oakland Shopping Day with O'Connor, Moffatt & Co.!

Sports Togs Lead the Mode!

—California is the year-round Vacation Land. And California women have adopted sports attire for general wear as well as for play—for they know it combines practicability with smartness! Here are excellent values for Thursday—

Sports
Blouses
\$1.95

—When you buy blouses be sure smart—and all collar is good and well-fitting. For these days sports blouses make sports suits distinctive!

—At this price the styles are unusually good-looking. Dimities in cross-bars and stripes—gingham—trimmed, pique-trimmed, etc.

A few linens, too. The fashionable and boyish Collegiate collar, Tuxedo and Peggy collars.

—Put these on your Thursday shopping list!

(Second Floor)

Polo Coats
and Coats of Tweed
\$25 \$35 \$39.50

—Individuality and dash are the outstanding points of these coats! They "swing" along to the golf course, a-shopping, in a humming motor car, on board a white-sailed yacht—and give their wearers the assurance of being smartly coated!

—They follow closely their masculine originals—mannish materials, raglan sleeves, mannish details—half-lined and full-lined.

—And never were such coats priced so low as this year! Becoming to everyone—try them on!

—extremely smart in style are the

Sports Skirts of Silk and Eponge!

—A sweater, vivid in color; smart sports hose—and a good-looking sports skirt! You're ready then for anything from eighteen holes to an "informal" at the club!

—Silk skirts of heavy silk crepes—Roshanara and Spiral—in a variety of beautiful plaids, stripes and satin mixtures. These are priced very low at \$11.95.

—Wool Skirts of beautiful imported Eponge in stripes and plaids—hems fringed or plain. Beautiful models at \$12.95.

(Apparel Section, Second Floor)

Sweaters with Dash

Slip-overs \$2.50, \$3.50

—There are girls who have dozens of them, and still have not enough—for slip-overs are practical and good-looking, and for almost any occasion one may turn to them like old friends! At this price they are fine values—fancy weave, all-wool, in gay colors.

Fibre-and-Wool Sweaters

—At \$8.50 you may have the Tuxedo style—and all you would need is a dark sports skirt to have an outfit for many demands! Brushed wool, too—so fashionable now.

—At \$8.75 is a Slip-Over model in brushed wool—these in black and white, and brown and white.

(Fourth Floor)

Imported Sports Hosiery from \$2.50 to \$4.50

—Imported mercerized sports hose—full fashioned, reinforced strongly to give double service! Smart novelty effects in stripes, lace clock, checks, plaids and mottled patterns. Come and see our sports hose stock—it is quite complete!

The Rainbow Aisle

—in our well-known Silks Section

—An aisle devoted to the display of Sports Silks in gorgeous colorings and interesting weaves. —This is arranged for your convenience—so that you may select your favorite silk or match a silk on a sweater at a glance! We want you to see it when you come a-shopping Thursday!

(Third Floor)

Sports Neckwear

Vestees, 95c, \$1.55 to \$2.95

—Ginghams, linen, pique, organdie and ratine sports vestees—in the most attractive styles one could wish! Tuxedo and "Peggy" collars. See them in the Neckwear Section Thursday.

Fiber Silk Scarfs, \$4.75, \$5.00

—Very special values! You need one to complete your sports costumes—and the colorings are those which harmonize well with almost every shade. Fringed—and very good-looking!

(Main Floor)

Outing Togs

—Hills fast browning in the sun—great meadows deep with tall grasses and wild flowers—motors—hikes—camping—you have already felt their call—and to thoroughly enjoy every moment you must have the proper togs! Here they are—and very low priced!

—Linen Riding Breeches, \$7.50
—Linen Riding Coat, \$12.00
—Khaki-color Gabardine Knickers, \$5.50.
—Khaki-color Gabardine Coats, \$5.50.
—Khaki-color Gabardine Coats, \$5.50.
—Khaki-color Flannel Breeches, \$5.00.
—Khaki-color Flannel Coats, \$5.50.
—Khaki-color Flannel Coats, \$5.50, \$6.50.
—Khaki Breeches, \$3.00.
—Knicker Trousers, \$3.50.
—Khaki Coats, \$4.50, \$4.75.
—Nortfolk Khaki Midgy, \$2.75

MRS. CLARK ON STAND TELLS HER LIFE'S HISTORY

Accused Woman Overcome With Emotion in Her Plea to Jury.

Mrs. Virginia P. Clark today took the stand in her second trial for the killing of her husband, Chester Clark. Mrs. Clark trembled convulsively from head to foot as she tearfully told the jury of incidents in her early life which she declared produced insanity.

Mrs. Clark told of having written letters to hundreds of strangers and enclosed pictures taken from chocolate boxes which she represented as her photographs.

According to C. A. McGee, her counsel, this latter became an obsession with Mrs. Clark and later drove her insane. Mrs. Clark was overcome by emotion several times during her testimony.

SOUTHERN BAPTISTS MEET. JACKSONVILLE, Fla., May 17.—(By The Associated Press).—Dr. E. Y. Mullins of Louisville was re-elected president of the Southern Baptist convention at the opening of its 63rd annual session here today.

S. F. GIRL SUES LANDLORD FOR 'IMPRISONMENT'

SAN FRANCISCO, May 17.—Claiming that because she refused to pay an excessive cleaning fee she was practically held prisoner for days in her apartment, Miss Mary Haskins filed a damage suit for \$5500 today against W. J. James and his wife, Gertrude.

Miss Haskins sets forth that on February 25 she rented an apartment at 1036 Polk street. Her rental expired April 8, and on April 1, she says, she notified Mr. and Mrs. James that she was going to move. She declares they demanded \$25 for cleaning the three rooms. This she characterized as excessive and would not pay. Thereupon, she avers, the telephone, light, water and heat were discontinued and she was afraid to leave the apartment, fearing her baggage would be seized. It was a long time before she was able to communicate with her attorney, Raymond J. Barry.

She asks damages for imprisonment, for injuries suffered while she was in the apartment, for the loss of her property, and for humiliation in connection with the whole affair.

Basis Not Found For Irish Peace

DUBLIN, May 17.—(By The Associated Press).—The peace committee of the Daily Eireann, which has been trying to find a basis for unity of the Irish factions, formally reported to the Daily today a breakdown of the negotiations.

DUBLIN, May 17.—(By International News Service).—The Irish peace committee which has been attempting to adjust the differences between the Irish Free State and the Republicans reported to the Daily Eireann this afternoon that no agreement could be reached. The collapse of the peace negotiations caused deep gloom.

Arthur Griffith, president of the Daily, moved that a general election be held in Ireland on June 15 and that the nominations be made on June 6.

Non-Union Mine Owners to Attend

WASHINGTON, May 17.—The conference of mine owners to be called by the government in an effort to check the tendency of coal prices to rise at the mine will be confined to non-union operators in the present producing fields, Secretary Hoover said today. Just who will be present or the exact meeting place has not been determined, he said, although it is expected the conference will be held within the next few days.

Lenglen Again Wins In World Tennis

BRUSSELS, May 17.—(By The Associated Press).—Alice Suzanne Lenglen, world's woman tennis champion, again was victorious today in the international hard court championship here, defeating Mlle. Allison of Belgium, two love sets, 6-0 and 6-0.

S. F. Bank Merger Plans Considered

SAN FRANCISCO, May 17.—Negotiations for the merger of the First National Bank and the Crocker National Bank, two of San Francisco's largest financial institutions, came to an end today when directors of the First National passed resolutions that they would consider the matter further.

RUSS TO FULFILL ALL OBLIGATIONS, TROTSKY STATES

Guarantees Promised Despite Outcome at Genoa; U. S. Agreement Sought.

MOSCOW, May 17.—Despite the outcome of the Genoa conference, Russia will carry out all the international obligations to which she is committed, Leon Trotsky, commissar for war in the Soviet government, declared today in an exclusive interview with International News Service. He said that Russia is anxious to enter into a commercial agreement with the United States.

"Regardless of the outcome at Genoa, Russia will carry out all the international obligations to which she is committed. Russia will assure guarantees for private economic initiative," he said.

"The Moscow government will show American and European capital that the Soviet republic is an established fact and that this republic, which is built in accordance with the methods and principles of its founders, must be reckoned with."

GATO GOSSIP

A Good Looking Cigar is not always a Good Smoking Cigar

You would think some men just to look at it is our opinion that cigars are made for smoking, not just to "wear," like gold headed canes and buttonhole bouquets.

Smoke a Gato if you haven't had one lately. Notice its fragrance, taste, mildness! Even the darkest wrapped Gato is mild. We never heard a cigar smoker complain about Gato quality—never in all the fifty years of Gato's existence.

There's a reason. The wrapper and every atom of every Gato cigar is nothing less than Pure Havana Tobacco. That's the story in a nutshell; only one quality and that the best that Mother Earth and Cuban hands can make.

10c, 2 for 25c, 15c and up. If you want a Clear Havana don't buy a near Havana

CUTICURA HEALS ECZEMA ON CHILD

On Face and Neck. In Pimples. Itched and Burned.

"When my sister was ten months old eczema broke out on her face and neck in small pimples, which spread rapidly. It itched and burned so she was unable to sleep, and her body was a mass of sore eruptions. She had to be carried around on a pillow. "A friend recommended Cuticura Soap and Ointment and after using one cake of Cuticura Soap and one box of Cuticura Ointment she was healed." (Signed) Mrs. J. S. Smith, Box 118, Lakota, No. Dakota.

Give Cuticura Soap, Ointment and Talcum the care of your skin. Sample Each Free by Mail. Address: "Cuticura Laboratories, Dept. B, Malden, Mass."

Woman Blamed By Her Family Restless, irritable, nervous, excitable and exacting is the charge against her by those nearest and dearest. How little they realize the struggle the overworked wife and mother is making to keep about and perform the hundred and one duties that devolve upon her! Every hour her headaches, backaches and pains drag her down until she can stand it no longer. Lydia E. Pinkham's Vegetable Compound has restored more women in this condition to health and happiness than any other medicine. The grateful letters we are continually publishing in this paper from women who have found health by its use prove it.—Advertisement.

An Oakland Industry--

EDUCATION

on display at the

First National Bank

We are displaying this week an exhibit of one of Oakland's most important industries—the education of our wideawake young people.

The exhibit of art work from the Oakland high schools, being shown this week, is the first of a series of school exhibits this bank will make for the next few weeks.

We want everyone in Oakland to see this really beautiful display of textile and ornamental metal work done by students in the Oakland high schools, including woven and dyed fabrics, hammered metal objects, purses, scarves, and other hand-fashioned articles that go to make up this most attractive and interesting display.

Visit this display this week

First National Bank

Broadway and San Pablo Avenue
OAKLAND, CALIFORNIA

Next week the exhibit will show the machine shop work of the Vocational High School

OAKLAND TRIBUNE, Oakland's greatest evening newspaper, assures its advertisers that the circulation of this paper reaches every day over 250,000 readers.

COURT TO DECIDE
REWARD WINNER

MARTINEZ, May 17.—An echo of the fire at the Associated Oil plant at Avon on October 5 which threatened destruction of the oil company's wharf and sent J. P. Emerson to San Quentin prison for arson, was heard in San Francisco superior court yesterday, in hearing of a suit instituted by the oil company against Carl Yttergard and J. P. Jerome, in which it seeks to have the court determine who shall receive a reward of \$1000 offered for the arrest and conviction of the person setting the fire. Sheriff R. R. Neale and District Attorney A. B. Thimig were summoned as witnesses in the case.

Egyptians Differ

On Constitution

CAIRO, May 17.—The framing of a دستور (constitution) for Egypt made necessary by the lifting of the British protectorate, has become the paramount feature of Egyptian politics.

The question as to who shall frame the دستور, which has been under discussion in the native press ever since the first royal decree was held by King Fuad at Abdin palace, has divided the country politically into two diametrically opposed camps.

The Nationalists, who are mostly adherents of Zaghloul Pasha, have been demanding that the constitution be drawn up by a National Assembly elected by the people. The Ministerialists, who are supporting the government of Premier Sarwat Pasha and who have just won the day, have been in favor of appointing a special commission for the task.

VAUGHN FUNERAL

WOODLAND, May 17.—Mrs. Mary C. Vaughn, widow of former Supervisor T. J. Vaughn of this county, who died in Berkeley Monday, will be buried here tomorrow. Deceased was 75 years of age and for many years a resident of Woodland before moving to Alameda county. George Vaughn, and Mrs. Gertrude Mitchell, adopted children, survive and both reside in Berkeley.

Plans Are Made
for Big Dance by
Kia-ora Klub

MISS THELMA CLANCY, who is preparing for the Kia-ora Club dance.

Maple Hall Will Be Scene of
Midsummer Party Friday
Evening

The Kia-ora Klub will give its midsummer dance Friday evening at Maple Hall. Special music is to be furnished by the Russell Frank orchestra.

Those planning the affair are Misses Gladys Clancy, Jean Ferreira, Dorothy Jensen, Hilda Hansen, Jennie Cannon, Uno Steffen, Thelma Clancy, Florence Kelly, Peggy Kronenberg, Myrtle and Pearl Lundberg.

News of the
ChurchesMission for Women
and Girls Planned

"The Most Invidious Temptations Our Young Women Face Today" is the title of an address to be given by E. C. Mercer at Trinity Church, Friday evening at 8 o'clock, to women and girls over 15 years of age. The men are to be barred from the meeting.

Mercer, with H. H. Hadley, is conducting a mission at Trinity Church, speaking each evening at 8 o'clock. More than 300,000 women and girls have heard his address, which is especially directed to their needs. He has given this address recently to several crowded churches in San Francisco, Oakland, and Alameda.

Foreign Mission
Society Will Meet

The monthly meeting of the Women's Foreign Mission Society of the First Methodist Episcopal church will be addressed by Miss Grace Wythe tomorrow afternoon. Miss Wythe is the missionary of the society in Japan and will tell of her work in that country.

Fellowship Supper
At First Baptist

A "Fellowship Supper" will be held this evening at the First Baptist church in connection with the "School of Religion" of the church. Courses of study to be presented at the school include "The Church," Prof. S. P. Meads; "The Teacher," Mrs. L. F. Cookcroft; "Young People," Hugh W. Thomas; "Missions," Mrs. G. M. Thomas; "Fundamentals," Dr. John Snape.

Plymouth Women
Will Give Luncheon

The Woman's Club of the Plymouth Congregational Church will hold a spring luncheon tomorrow in honor of Dr. and Mrs. Charles Kloss, the pastor of the church, and his wife.

Business Men to Be
Hosts of Students

SAN FRANCISCO, May 17.—The business men of San Francisco will this evening entertain as their guests the post-graduates or graduating students of foreign countries enrolled in the universities of California, Stanford, Santa Clara and other institutions of learning.

PLAYS ARE PICKED
IN PRIZE CONTEST

STANFORD UNIVERSITY, May 17.—Plays by Short Levy and D. R. Martin have been selected for presentation to the student body to determine the winner of the Stanford Dramatic Council's \$50 prize for the best one-act play written by a Stanford student. The plays were selected from fourteen manuscripts submitted. The judges of the contest were Gordon Davis, University dramatic coach, Professors Lee Emerson Bassett and Henry D. Gray of the Stanford English Department; Samuel Hume and Irving Pichel, of the University of California. The plays will be given in the Stanford Assembly hall May 31.

Several other plays submitted were given honorable mention. They were written by Russell Stroup, Lois Eldridge, Jon Choen and Mollie Windish.

AGED CHINESE DIES

SPOCKTON, May 17.—Lee Louie, said to be Stockton's first Chinese resident, was buried yesterday with a brass band in attendance. He was laid in final cemetery. Louie came to Stockton 60 years ago, say

14-FT. WHISKERS
WINS \$50 A DAY,
GOLD MEDAL

SACRAMENTO, May 17.—Claims of J. J. Tanner, Brighton, Mich., to the world's long-whiskered championship are disputed by Jack Wilcox of Carson, Nev., who has been growing a beard since December 31, 1881, when he threw away his razor, because it was dull, and swore he never would shave again. His beard is 11 feet 3 inches long, but before it was combed and washed recently it was 14 feet long. Tanner's beard has been reported as 9 feet long.

The county surveyor at Carson recently measured the Wilcox beard when the latter was entered in the long-whiskered contest being conducted by the Days of '49 Celebration here May 23-28. Unless someone comes along with a longer beard, Wilcox will receive a gold medal, \$50 a day and expenses while in Sacramento attending the celebration.

Wilcox is a stone mason and when at work he rolls up his beard and carries it in a sack under his shirt.

old timers. He was for years in business, but later retired. He never left his adopted city, save for a short visit occasionally to San Francisco.

War Veteran Dies
After Auto Wreck

SANTA CRUZ, May 17.—Albert De Joinder, 22 years old, died yesterday from injuries suffered last night when his automobile went over a 40-foot embankment at the approach to a bridge on the Ben Lomond road. Several ribs were fractured and penetrated his lungs. De Joinder was a veteran of the world war and had been wounded and gassed in France.

Police Inspection
Fixed for May 25

The semi-annual police inspection, scheduled to be held tomorrow afternoon, has been postponed until May 25 at 3 o'clock. The inspection will take place outside the Municipal Auditorium grounds. The officers will appear in their summer uniforms. Their uniforms and equipment will be examined by Chief of Police James T. Drew and the Commissioner of Public Health and Safety, Frank Colbourn.

That Tired Feeling

Is Just As Much a Warning as "Stop, Look and Listen." It indicates run-down conditions and means that you must purify your blood, renew your strength, and your power of resistance, or be in great danger of serious sickness, the grip, flu, fevers, contagious and infectious diseases. Do not make light of it. It is serious. Give it attention at once. Ask your druggist for Hood's Sarsaparilla. He knows this good old family medicine is just the thing to take in spring for that tired feeling, loss of appetite, debility. It is an all-the-year-round medicine, wonderfully effective in the treatment of scrofula, catarrh, rheumatism and run-down after-disease conditions. "My husband has taken Hood's Sarsaparilla every spring for years, and it always puts him in shape. He is 58 years old," Mrs. N. Campbell, Decatur, Ill. A mild laxative, Hood's Pills.

J. BERTRAM SIMON, well-known photographer of Tacoma, Wash., who says that since taking Tanlac with such good results he now knows why everybody is praising this wonderful medicine.

"When they told me about Tanlac it seemed almost too good to be true, but since taking the medicine I know for myself that all they said about it was so," said J. Bertram Simon, 1031 E. 4th st., Tacoma, Wash., a well-known photographer.

"I suffered from rheumatism in my shoulders for ten years and at one time had to go to the hospital. I was down in bed for months and hardly able to turn from side to side. I couldn't sleep and I don't believe I had a day free from pain. My appetite failed and I couldn't digest a thing properly. Gas made me have heartburn for hours after meals."

"In a very short time after I started taking Tanlac I actually felt like a new man. I am now entirely rid of rheumatism and my stomach is in first-class condition, while I have gained ten pounds and never felt better. I have recommended Tanlac to a number of people and I am always glad to say a good word for this remarkable medicine."

Tanlac is sold by all good druggists—Advertisement.

If you see it in The TRIBUNE tell them so.

STARLIGHT

by John McElroy Gibson

Virginia's friend, Angela Brown, selected a new dress for Virginia that worked splendidly. Virginia introduced her to Tommy Warner. He was very taken with her. Virginia rejoiced in having both a day and night job. The strain was great, however.

A FRIEND IN NEED.

I awakened next morning with a heavy cold and felt miserable, but I needed money and felt I could not quit my job. I managed to get through the next four days at the Kalsey studio. The last day, however, breathing pained me so I could not speak. That night I fell unconscious in my room. When I recovered who should I find bending over me but Kitty Dalton!

"Good Lord, kid, but you're sick," she said. "Ria told me that you didn't know enough to take care of yourself, and I guess she is right. How did you get this way?"

Kitty's eyes were covered with dark glasses, but otherwise she seemed well and strong for she lifted me by main strength onto the bed.

"You've got to have a doctor," asserted Kitty, positively. "I could hear you breathing before I got to your door."

"Oh, Kitty! I can't—I can't have a doctor."

"Oh, I know a grand one and he'll bring you out all right. I met him at the hospital."

"But, Kitty, I haven't any money to pay a doctor. I managed to whisper hoarsely."

"Money doesn't mean anything in my young life. Don't you know I've got \$5000 that Ria and Herb gave me just before they sailed? Say, that was an easy way to make money, wasn't it?"

"I do not think so, Kitty," I shuddered. "And if it were easy, you must not spend it on me."

"What's it for, if it isn't to spend? Oh, Virgie, let me spend it on you. If I don't I will blow it on something that won't be half as good for me."

"But I—"

"Oh, Virgie! You do want me to stay with you, don't you? You don't feel yourself above me, do you? If you do, I'll get out and let you die gracefully in an atmosphere of virtue and contentment. Lord knows I don't want to force myself on any perfect lady."

"It isn't that, Kitty. You don't understand how grateful I am to you. It just doesn't seem right for you to spend your money on me, that's all. It may be a long time before you get a job, you know."

"Well, have you got any money? I won't spend mine if you have."

"Very little."

"Then I'll spend my own. Now don't talk any more, for you are getting hoarser every minute."

"I don't know when Kitty undressed me. She told me afterward that I was delirious. 'You just seemed to hold onto life when you had hold of my hand,' she said. I had a feeling that there were others in the room from time to time and once I heard a man's voice saying: 'Oh, she'll pull through, but she must have a nurse.'"

And I heard Kitty reply: "All nurse her till nurse her, doctor. That'll be about all I am good for, for the next two or three weeks. It would be as much as my life is worth to look into a Kilgus light for that length of time."

I wasn't sure whether I had dreamed this or not, but when I woke up—nearly a week afterward—I found Kitty beside my bed, and I knew that it was true and that blessed girl had been taking care of me all that time.

We didn't talk much about it, but I was almost despairing for fear that I would never be able to show Kitty how grateful I was. Sometimes I have wondered if we regard all the commandments alike.

Poor Kitty had probably shattered most of them many times, but she kept a few very carefully. I am sure I never heard her say an unkind thing about any one. In fact, she had all the virtues but one, and was kind to every one but herself. When I put her beside some of the narrow-minded people in the town from which I came, women who would murder another's reputation and think nothing of it; who were envious and unkind; narrow and bigoted, and yet who prided themselves upon their virtue and would have drawn their skirts away from poor Kitty, I decided that it wasn't for any of us to find fault with any one else and the breaking of one commandment was just as sinful as another in the sight of God.

Kitty is now lying in the cemetery of Los Angeles. Her story shall not be told here. Her secrets are sacred with me. Whatever her faults no one could have been a more devoted friend than she was in my hour of trouble. I shall love and reverence her memory all my life.

I found out that both Tommy Warner and John Storm had been to see me and offered all help that was necessary, but Kitty told them to go away and let little boys and play with their toys—that she was going to see me through this herself, and she did.

Kitty never mentioned Theodore Stratton and I was afraid to ask until one day when I had been up and dressed all morning and was protesting that I was well enough to go to work as soon as I could get a job, Kitty said:

"Well, then you are well enough to see your correspondence," and she poured a sheaf of letters into my lap.

There was one from Ria, two from Aunt Virginia, three from Eddie Montforth and one that I did not recognize, but—with a beating heart—opened it first.

Tomorrow—Kitty Dalton.

Fresno Police Arrest U. S. Dope Raiders

FRESNO, May 17.—Three Fresno policemen are facing charges of interfering with federal officers in the performance of their duty as the result of the arrest last Sunday night of four federal narcotic operatives who were working in Chinatown.

Warrants for the arrest of the three, Sergeant Charles J. Wickstrom and Patrolmen O. P. Durr and William E. Blasingame, were issued late today by U. S. Commissioner Samuel Hollins on the complaint of the federal operatives.

According to the report which the operatives are said to have made to the office in San Francisco, they came to Fresno to round up alleged narcotic addicts. While in Chinatown disguised and seeking to find peddlers of dope, they were taken into custody by the three officers and brought to headquarters. Chief of Police Frank P. Truax said that the operatives were released as soon as their identity was learned.

An agent named Dennison was reported to be the head of the party while two other members were A. A. Elliott and Stanley E. Halstead.

BANKER FREE IN GIRL CASE. SAN BERNARDINO, May 17.—P. A. Lacey, president of a bank and ranching company at Cucamonga and one of the richest men of San Bernardino county, was acquitted last night by a jury on an assault charge made against him by Mary Lettinger of Los Angeles.

HIG TAX SUIT LOST. PHILADELPHIA, May 17.—William ("Air Hole") Bill Carrall has lost his suit in the United States district court to recover \$757,761.78 in additional taxes which the government compelled him to pay on his alleged enormous profits from the sale of oil lands in Oklahoma.

A Sure Way to End Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring, use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.—Advertisement.

Spent Fortune in Search

"I spent \$1200 in 7 years treating with physicians, some specialists costing me \$10 a visit, only to at last say that nothing could be done for me, that I had cancer or ulcers of the stomach. I suffered awful pains in my stomach, but after taking a few doses of Mayr's Wonderful Remedy these all disappeared and for three years am feeling fine. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract, and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded at all druggists.—Advertisement.

Capwells

OAKLAND

"Youth is a continual intoxication. It is the fever of reason . . . No danger daunts it and no foe withstands the sublime audacity of its faith. One that is young in years may be old in hours, but generally youth is like the first cogitations, not so wise as the second; for there is youth in thought as well as in ages, and if youth be a defect it is one we outgrow."

"Now there is a heavy burden upon environment. One's immediate heredity may be a great help in molding one's nose and in one's grounding in the Ten Commandments. But the impulses and tastes which make us distinguishable from our sisters, cousins and aunts seem to come to us in insured parcels often from the farthest zone of race consciousness."

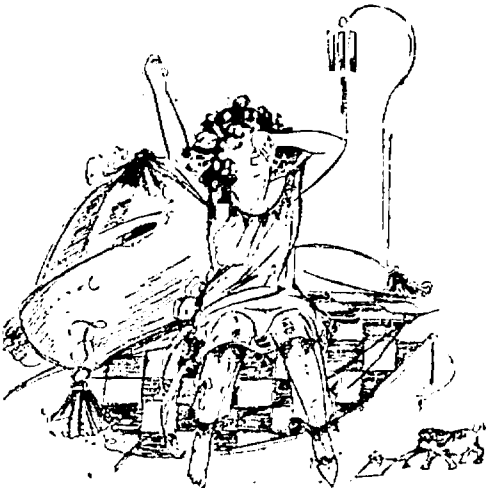

The Flapper :: Her Day

Bright Spirit of a New Age

Every Hour of Her Day She Effervesces Youth and Joy

Not at all understood by our grandmothers, nay, not even father and mother, she goes her way independent, self-reliant, challenging oftentimes old-time convention, breaking through restraints, but not at all to be feared as a retrogression in womanhood.

The Flapper, so called—or young miss 14 to 20—has her ideals and principles, and as a type she is safe. Gone are the quadrilles, the bonnet, the pickle caster—the chaperone is on the wane, but joy, buoyant youth, self expression and strength find their embodiment in—The Flapper.

Her Dress is as Different as the Girl
But this Up-to-Date Store Keeps Up with Her

Her Slumber Robes

She generally prefers pajamas but it may be said, however, that the present day young miss did not express a predilection for pajamas until they became the delightfully feminine things they now are. Fluffy, just as modest as a nightgown but lending more freedom. They may be of georgette embellished with lace as illustrated or of pretty embroidered or flowered crepe—the latter at \$3.50 and \$4.95.

NIGHTGOWNS for the young miss embrace the soft ninsook, Philippine hand-embroidered or crepe de chine.

Of ninsook—\$1.25 and up.
Philippine embroidered—\$2.95 and up.
Crepe de chine—\$1.95 and up.

Her Morning Frock

is a gay and pretty gingham trimmed with pleatings, organdy, or with some contrasting color. Suitable for helping about the house, for going to market and quite nice enough to receive a morning caller even though that caller be a gentleman.

Prices—\$3.50 and up.

PERKY PEGGY APRONS often take the place of the morning dress since they are pretty affairs in all-over styles and the dress is not missed.

Of gingham—\$1.95. Of crepe—\$2.95.

The Jaunty Suits

find their inspiration in Paris originations—retaining all the dash and chic of the French with an added touch of smartness for the American girl.

The materials are checks, tweeds and solid colors, fashioned in box coat, plain tailored and semi-tailored styles. Prices—\$19.75 and up.

For Shopping and Luncheon

There are so many things that fit these occasions. Pretty sports dresses of woolen materials—colored skirts and contrasting waists, smart little taffetas or georgettes, two-piece affairs and cape effects, or a jaunty separate coat. All most appropriate for the young girl who likes richness of color and smartness of style at moderate prices.

For the Dance

Bewitching frocks of silk in pastel colors that reflect in their glittering sheen the joy of the moment.

Of taffeta, cotton or georgette, they express verve in every line. Rows of sheer ruffles, flower trimmed, with fluttering points or billowing circular skirts accented with bar and circles—they are quite the latest word. Prices—\$19.75 and up.

Her Shoes are Made for Her

The flat heels, the novelty straps, the two-leather combinations, the patents—all bespeak youth and unlike the olden days comfort is not sacrificed to style and beauty. There's comfort in every inch of the new shoe modes. The prices are right this season, too.

The Flapper has her own shoe named for her—patent leather with single strap and flat heel at \$6.50 and there are plenty of others.

Her Underthings

The vests and step-ins are preferred whatever the material, which may be crepe de chine, satin, or colored batiste or voile—the later very popular styles in a pleasing color choice that includes flesh, orchid, honey dew, and light blue. Vests and Step-Ins \$1.25 each to \$3.95.

Her Breakfast Coat

is either of taffeta, crepe de chine or satin. Full length and easy to slip on when mother calls "hurry" and the color can be most becoming since there is a choice of blues, pink, orchid, apricot and others. Prices \$8.95 and up.

Her Hat

Hats to top the smartness of her costume range from chic models in fashionable summer felt for tailored and street wear to large brim flower or toquish effects for the social occasion. \$5.00 and up.

For the Hike

Knickerbockers and a sweater are generally preferred if it is too big a long climbing trip. Tweed or khaki knickers with a bright lined Navajo sweater make a striking outfit at an inexpensive price.

Her Sweater and Scarf

She shows a great partiality to the fiber sweater because of its resemblance to silk and its lovely colorings. Regulation, tuxedo styles are here in a bright new shipment of the favorite colorings of orchid, jockey, jade, peacock blue, navy, black and henna and the price is only \$5.85.

FIBER-AND-WOOL SLIP-ONS have a wide color choice too and are extremely smart with separate skirts. They can be worn without waists if desired.

Wool Slip-ons—\$2.45 and up.

Fiber Slip-ons—\$4.95 and up.

If she belongs to the Girls' Reserves

The regulation costume for summer sports is a two-piece middie, and a pleated skirt, each \$2.50, or a camping outfit consisting of cadet bloomers and two-piece middie to match at \$3.75 each. Hats to match—\$1.00.

At the Beach

Bathing Suits wrought with wondrous skill and subtle attention to color harmony. All wool in novelty or plain styles. Some are adorned with belts—quite a most important item in the summer wardrobe.

One-piece styles in all-wool suits \$4.95 and up.

She Likes a Girdle or Corsette

They offer the freedom of movement she must have. The girdle is of elastic trimmed with coutil, brocade or satin at prices from \$1.50 to \$3.50.

CORSELETTES are plain or brocaded with elastic at sides. Prices—\$2.00 to \$10.00.

Look for the Lancaster Tread Mark

WE don't believe in trick tires. "Secret processes," "wonderful discoveries" and all the rest of the mystery family have a hard job trying to last even half as long as plain, honestly-built standard tires.

And when these standard-formula tires are built more liberally in dimensions—larger, heavier, more wear-resistant—then is found the extra value—the extra strength and stamina—the extra satisfaction—that marks the very few really fine tires.

Better tires than Lancasters—either Cord or Fabric—have never been made. And there are no better values.

EBELL CLUB TOLD OF POWER BILL

William E. Gilbert, special commissioner of the California Development Board, discussed the water and power act which will be offered to the voters of California at the November election, before the Ebell club members yesterday. The speaker, who is a Sacramento valley farmer and irrigationist, opposed the adoption of the constitutional amendment.

"It is a leap in the dark," he declared. "Through the ap-

pointment by a Governor of five men whom we do not know but who will have authority to bond the state for \$500,000,000, we are asked to conserve, develop and control the waters of the state. No engineers' estimates have been made; no plans have been offered. If this were really a conservation plan would it not have been good policy to ask for \$500,000 or even a less amount for investigation of water sources?" he asked.

"California's system of regulated conservation is more beneficial than any policy that might be adopted under a scheme of state ownership," the speaker affirmed.

SPEAKER SCORES AMERICAN STAND ON GENOA MEET

Failure of U. S. to Take Part
Is Approval of French
Attitude, Claim.

"France has adopted a policy of dominating Europe with vast armies, and the United States has in effect sided in with France by its refusal to participate in the Genoa and Hague conferences," John Collier, an instructor at the State Teachers' College in San Francisco, told members of the Advertising club at their luncheon yesterday.

"This," continued the speaker, "may do nothing more than to plunge all Europe into the mire of destruction and the Bolshevik rebellion which is now threatening in Germany and Russia."

Collier spoke on the Genoa conference and advocated the United States coming to the assistance of Russia financially as the sole means to save Europe, which he declared on the verge of bankruptcy today.

REASON FOR MEET.

"The basic object of the Genoa conference," said Collier, "was to find a means of preventing the collapse of Europe, which is nearer at hand than most of us realize. This was not accomplished, and from all appearances will not be. The two main problems toward which the entire world was looking were not discussed at the conference. These two problems were the identity which Germany owes to the allies and the inter-allied debts, and the disarmament problem."

"At the beginning of the war the United States had a national income of \$10,000,000,000; England had an income of \$12,000,000,000; Germany, \$11,500,000,000; and France, \$7,500,000,000. Then came the conflict which wrecked Europe industrially. The war did not enrich the United States although it did for a time double the income, but in Italy, France, Germany and other European countries, the incomes were almost wiped out. During the war Europe incurred a debt which now is around \$400,000,000,000, and she emerged from the war on the very verge of bankruptcy."

After the war politics, "particularly in France, but most of all in England," were blamed by the

speaker for the conditions there today. He outlined what he termed England's efforts, and determination to make Germany pay her indemnities even at the expense of Britain's own trade and exports.

"Because of the low rate of exchange of German money," continued Collier, "she is unable to make any purchases from any countries west of her. The only country she can purchase from is Russia where the money is in worse condition than at home. So, in other words, by placing a high tariff on German exports, England has created a Russian market in Germany that should be her own. Germany has been anxious to pay her war debts, because if she doesn't meet them France will invade the Ruhr valley. So she began after the armistice to buy all of her goods manufactured before and during the war on England and other countries, this resulted in the high tariff."

POLITICAL DEMOCRACY.
"Wild political democracy in Europe has about annihilated European business. Nothing of this was discussed at the Genoa conference, because France in advance said 'if you discuss this I'll stay home.'"

"The question we have to answer is this: do we want to see Europe sunk back into barbarism. This will happen unless the United States comes forward with financial aid, such as extending credit. With the downfall of Europe the power of mankind falls directly on the yellow race."

FORESTERS ENTERTAINED.
SANTA CRUZ, May 17.—Delegates arriving for the grand convention of the Foresters of America and the grand circle of the Companions of the Forest, were given an informal reception at the Hotel St. George last night.

Knights Landing to Get Grammar School

WOODLAND, May 17.—The Yolo county supervisors will sell \$50,000 worth of bonds of June 5, for the construction of a large and commodious grammar school in

Knights Landing, eight miles from here, and which is becoming again after a quarter of a century lethargy, a leading river shipping point. The bonds were voted at a special bond election held last month in which there were only two dissenting votes.

STREET WORK DELAYED.
SALINAS, May 17.—The city council has decided to postpone the awarding of the contracts for the street work on Harvest, Wingham and San Luis streets for another week as the property owners were not satisfied with the bids submitted and desired that time be

allowed for the submission of more. Also the ordinance compelling solicitors to enter clubrooms at any time will go into effect within the next 30 days.

If you saw it in The TRIBUNE tell them so.

Wedding to Follow Commencement

Following commencement exercises at the University of California today, Miss Grace Newcomb, a member of this year's graduating class, will be married this evening in the First Presbyterian church in Berkeley to Thomas O. Edwards Jr. The ceremony will be witnessed by the immediate family and friends of the couple. Miss Newcomb is from Pocatello, Idaho, having attended the University there, receiving her degree from the College of Letters and Science.

Miss Newcomb is the daughter of Mr. and Mrs. C. R. Newcomb of Pocatello. Her fiancé is a son of Mr. and Mrs. Thomas O. Edwards who will make their home at the Whitecotton in Berkeley. The couple will reside here.

MRS. CLIFFORD YOUNG FRAZER, who before her marriage last evening was Miss Jean Ivah Murphy, prominent in musical circles about the bay.—McCullagh photo.

she wore a hat of white silk, feather trimmed. She wore a corsage of orchids and lilies of the valley.

Mrs. Herbert R. Conner was matron of honor and Thomas Benton Jr., best man. The matron of honor wore a gown of darker blue trimmed in beads. She wore a picture hat of amethyst hue.

A wedding breakfast followed the ceremony. Mr. and Mrs. Benton will make their home with the bride's father, C. L. Hebrank of Cedar street, Alameda. The honeymoon will include a two month motor trip through the Feather river country and Lake Tahoe.

MOTOR TO SANTA CRUZ

Many Northern Californians motored down to Santa Cruz over the week-end—the new kind—"Friday to Tuesday," stopping at the Casa del Rey, Ambassador V. Roland Ricci, who is on a short vacation from social and state duties at the Capital, endeavoring to recover from a siege of influenza was a guest, accompanied by a group of Washington and San Francisco friends.

Another group of enthusiastic motorists included Mrs. J. H. Frost, of Chicago who are guests of the Charles Willets, Berkeley. Mr. Willets and son Richard, enjoyed their first round of golf this season on the picturesque Santa Cruz Country Club links.

Other Eastbay guests included: Mr. and Mrs. S. P. Harding and their children of Russell street, Berkeley; Mr. and Mrs. C. S. Forrester; and Mr. and Mrs. C. A. Newton of this city.

The Gayle Andersons, prominent San Mateo folk were guests of the week and have made reservations at the sea-side hotel for their three small kiddies and nurses for a little later in the season.

At a quiet wedding last week in St. Mary's Cathedral in San Francisco Miss Claire McAvoy became the bride of John T. Thornton, Rev. Father Richard Hammond officiating. The bride is the daughter of Mrs. Mary McAvoy, a member of one of the older families of the Eastbay section.

The bridegroom is the eldest son of Samuel Thornton of 775 Kingston avenue, this city, and was born in Johannesburg Transvaal, South Africa during the troublous times of the Janisium Raid. He was educated at Beaumont College, Old Windsor, near London, England. He enlisted in the U. S. Army at the outbreak of the late war and served for two years in various parts of the world.

He is well known in banking circles. The couple have gone on a motor trip to the southern part of the state and when they return will occupy apartments at the Como, in Alice street.

League's New Quarters Will Be Commodious

By EDNA B. KINARD.

When the National League for Women's Service finally takes over new quarters, the location, equipment, accommodation will represent the composite expression of its members. Drawing its personnel from all about the bay and finding its first president in Mrs. Duncan McDuffie of Claremont, the league has developed into perhaps the unique women's group on the coast. Since the beginning of peace days, three entire floors of the McDonough building, 333 Kearny street, San Francisco, have answered to its needs. Vocational information bureau, lounge and writing rooms, shop and members' exchange, restaurant, dressmaking and tailor shop, have ministered to the several hundred women enrolled under its standard. A minimum annual fee entitles any woman in California to all the privileges of the club.

But the quarters are becoming cramped and inadequate and entirely inefficient to meet the rapidly developing program of the league. For some months whispers of a new club house have been overheard and it is hoped to add living quarters for members.

The board of directors is not assuming the responsibility of deciding clubhouse plans alone. In the corridors and the board has placed a list of members who are expected to register opposite their names whatever opinion they may have as to location, accommodations and expansion of housing for the league.

The National League for Women's Service was organized during the war for the purpose of doing relief work. Many scores of women were trained and thrown into service where most needed. Upon the declaration of peace, it was decided by the leaders to carry over the program adjusting it somewhat to the new demands. That decision has found its justification in the achievements of the organization. Mrs. Harry Staats Moore is now president of the board of directors, and a half every week to the Abelie De Selne-Et-Oise, a French provincial newspaper.

M. Maille Saint-Prix told a correspondent who called on him at his chateau, about an hour's journey from Paris, that his great regret is that he can no longer go shooting, which he had to abandon at the young age of 30.

Talmadge Divorce Not to Be Fought

LOS ANGELES, May 17.—John J. Talmadge, Greek tobacco importer and cigarette manufacturer of New York, will not contest the divorce action filed against him here by Constance Talmadge, motion picture actress. It was announced today by counsel for Talmadge. A property settlement had been made out of court.

Because the members are believing so strongly in financing their delegates to the annual convention of the California Association of Mothers, which will be held in San Diego next week, they are reassembling a treasury for this purpose. For its benefit Mrs. J. W. Keyes and Mrs. A. P. Hoffman are entertaining at cards on Friday afternoon at the home of Mrs. Hoffman, 843 Kingston avenue.

Mrs. Herman Walker, president, and Mrs. Jessie E. Squire, will bear the Technical High standard at the San Diego convention.

Other delegates will be Herman Walker and O. P. Cole, representing the fathers; Mrs. J. W. Spaulding, Mrs. H. W. Hoffman, Miss Margarette Hoffman, Miss Ruby F. Cole, Mrs. O. T. Turek, Mrs. I. Guy Burke, Mr. E. R. Erdmann.

An Al fresco luncheon in Live Oak park, Berkeley, brought the season to a close for the Monday Study Club this week. For eleven years the thirty friends have been meeting together fortnightly from September to May to enjoy their friendship and the friendship of books. Adjournment was taken

on Monday until September 18, when the new year will be inaugurated.

Mrs. C. H. Denman is elected president to serve the coming season. Other officers are: Vice-president, Mrs. Genevieve Wade Hatch; secretary, Mrs. Roy Dempster; treasurer, Miss Elizabeth McKellogg.

Standing committees have been named as follows: Auditing, Mrs. J. N. Gilman, Mrs. J. F. Cobb, Mrs. C. H. Byers.

Membership, Mrs. C. H. Byers, Mrs. C. N. Norton, Mrs. W. C. Chappell.

Program, Mrs. C. A. Swett, Mrs. P. F. Schuyler, Mrs. Roy Dempster, Mrs. L. B. Hillis, Mrs. R. A. Shuey, Mrs. E. W. Parr.

Banners will flutter gayly and hands will play on Friday afternoon when Dewey School Parent-Teacher Association sponsors its May Fete and Carnival on the school grounds beginning at noon. The fun will continue to 10 p. m., culminating in an informal dance.

Three May poles will be wound by the young dancers following the crowning of Miss Marian Hansen as queen. A burlesque May day program will be given by the sixth grade following the traditional celebration. The program under the direction of the Recreation Department, is announced for 2 p. m.

Home made dainties from Divinity Fudge to salads will be offered for sale to the mothers, who are striving to build up a treasury for the purchase of moving picture apparatus.

Correspondent, 101, Is Still Busy

PARIS, May 17.—Al. Maille Saint-Prix, the oldest working journalist in France and probably in the world, 101 years old, contributes an article of a column to a column and a half every week to the Abelie De Selne-Et-Oise, a French provincial newspaper.

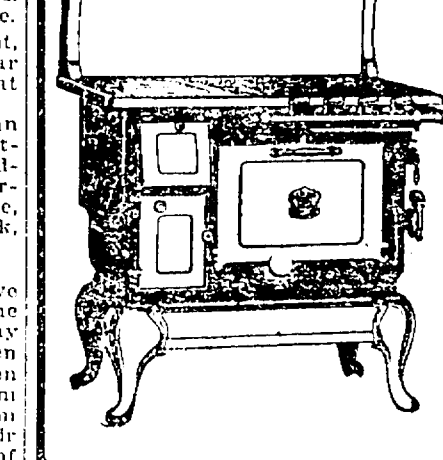

M. Maille Saint-Prix told a correspondent who called on him at his chateau, about an hour's journey from Paris, that his great regret is that he can no longer go shooting, which he had to abandon at the young age of 30.

Sufficient proof, we say, that the Superbo represents the most advanced system of providing hot water at least cost.

See the Superbo demonstrated at our store.

Blankets still as soft and fleecy as the day you first tucked them in

YOU had had one pair ruined. Cake soap—rubbing—and your handsome blankets returned to you matted and shrunken—their softness and fleeciness gone.

They could not stand the old stern methods. Wool is more sensitive than any other fabric, and requires more careful laundering. Even the suds from a harsh soap or harsh soap flake will make its delicate scale-like fibres tangle and shrink.

With Lux you need not

hesitate to wash your soft, fleecy blankets at the first sign of dinginess.

The creamy, satiny Lux flakes whisk into a thick lather. There is no rubbing to shrink and mat the tiny fibres—not one bit of solid soap to stick to the soft wool and yellow it. Your blankets come from their Lux bath as big and soft as when you put them in.

Your grocer, druggist, or department store has Lux. Lever Bros. Co., Cambridge, Mass.

WOMAN WITHOUT COUNTY BADLY IN NEED OF AID

Just what is it that makes a man or woman a legal resident of a particular city? Until Alameda and San Francisco counties can agree on an answer to this question, Mrs. Annie M. Anderson, ill and destitute, will be barred from receiving, anywhere, the free medical treatment and care that every county offers its citizens.

Mrs. Anderson lived in San Francisco until the fire of 1906, when she moved to Oakland. She made her home here for fourteen years. In the fall of 1920 she moved to Los Angeles and a year later moved to San Francisco, where she is now living at 1224 Gough street.

LEGALLY RESIDENT HERE?

Recently she became ill and unable longer to support herself. She applied to the San Francisco county hospital for admission and treatment, but was told, she says, by the inspector of indigents that she was still legally a resident of Oakland and could not be admitted to the San Francisco institution.

Today, through Mrs. Emma S. Shertzer, social agent for Alameda county, Mrs. Anderson applied for admission to the Alameda county infirmary. She was told she was now a legal resident of San Francisco, and could not be admitted here.

In San Francisco it is claimed that Mrs. Anderson is a resident of Oakland because she left most of her furniture stored in this city, and retained her mailing address here. The local district attorney's office contends, however, that Mrs. Anderson's intention was to make San Francisco her permanent home, and that the stored furniture and Oakland postoffice address were merely for temporary convenience.

URGED TO ADMIT HER.

These arguments were set forth in a letter written today by Deputy District Attorney James C. Walsh to Dr. William C. Hassler, San Francisco health officer, urging him to admit Mrs. Anderson to the San Francisco county hospital.

Until the question of residence is settled, the law prevents either county from admitting Mrs. Anderson to its public hospital.

BARROWS' RESIGNATION REGRETTED

Regents Have Not Yet Decided on Steps to Seek a Successor to Retiring President; to Take Long Trip

No opinion was offered by members of the board of regents or others as to who the successor might be to President David P. Barrows, whose resignation as president of the state university was accepted at a special executive session of the regents yesterday in San Francisco and will become effective June 30, 1922.

Resolutions of regret at Barrows' decision were adopted by the regents. At the same time Dr. Barrows and Mrs. Barrows were letting in the capacity of host and hostess at a reception given to this year's graduating class. No hint of Barrows' decision to resign was given to the guests at the reception.

WILLING TO QUIT AT ANY TIME.

When questioned as to the possibility of there being political significance to his determination to resign, President Barrows said: "My letter of resignation outlines sufficiently my future plans."

"The date named in my letter of resignation," he continued, "was rather tentative, suggesting June 30, 1922, as the time I should step out. However, I was willing to quit at any time. I have not been officially notified as to the action of the regents, but understand that they accepted the resignation effective upon the date mentioned therein, June 30, 1922."

Dr. Barrows has been president of the university for about three years. He succeeded Benjamin Ide Wheeler at the conclusion of the war. During the war Barrows served, first as major and later as colonel in the Philippines and later in Siberia.

SEEKS TRIP BEFORE RESUMING OLD PLACE.

Here is President Barrows' letter of resignation: "Berkeley, May 11, 1922. 'The Honorable, the Board of Regents, University of California: I think it right at this time to advise the board of my desire to be relieved of the position of president of the University of California and to return to the exclusive status of professor of political science. My reason for asking this relief is my preference for the activities and freedom of a university teacher rather than for the responsibilities of an executive head of a university. I appreciate that the interests of the university must take precedence over my own inclinations with respect to the date of my resignation, and I leave this matter to the decision of the board."

"As soon as my office as president terminates I shall desire to take a leave of absence of one year for study and travel, and on my return, to resume my duties as professor of political science. I shall then have prospects of fifteen years of teaching and I hope that these may be the years of my best service to the university. I wish to express my gratitude for the kindness that I have received at your hands and my extreme appreciation of the honor you did me by choosing me to the responsible position which I have held."

"DAVID P. BARROWS."

REGRET AT RESIGNATION. "The formal expression of regret prepared by the board of regents, follows:

"With profound regret the board of regents have felt obligated to accede to your request and accept your resignation as president of the University. In so acting we deem it proper and most fitting that we should express to you not only our regret at the severance of our relations, but also our deep appreciation of the earnest and loyal support that you have given to the board and to the University."

"During your administration problems of profound importance to the University have continuously arisen, and the faithfulness and ability you have shown in dealing with them as president have earned our warmest appreciation and regard."

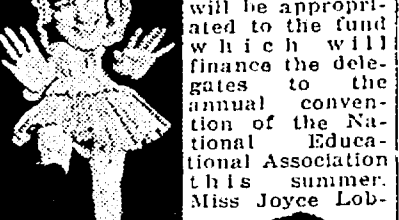

"In conveying to you our most cordial good wishes for your future welfare, we are joined by the knowledge that you are to continue as a member of the University faculty."

DEAN SEVERAL YEARS. Prior to being named as president of the university on December 3, 1919, Barrows had been dean of the faculty for several years. His work along educational lines

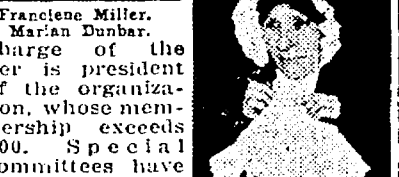

"Faculty Frolic," Benefit Affair, Planned by Club

A Faculty Frolic will be sponsored by the Oakland School women's Club in the auditorium of the Technical High school tomorrow night. Proceeds from the benefit will be appropriated to the fund which will finance the delegates to the annual convention of the National Educational Association this summer.

Miss Joyce Lob-

Francine Miller, charge of the affair, is president of the organization.

Ardis Rickart, arrangements for the frolic, which will present a program of 11 numbers.

Olga Goebinger, Fred Gilmore, Goebinger, Eloy Gilmore, Francine Miller, Marian Dunbar, Marian Finger, Ardis Rickart.

Comedy songs will be contributed by the Technical Glee Club; dancing by the recreation department and pupils of Miss Gladys Geary. Mrs. M. H. Reynolds will give Swedish monologues and Miss Alberta Treaswell will contribute bits of "Aunt Miranda's Philosophy." A cornet solo will be offered by John Walsh. Miss Sadie Hart will be heard in a group of English ballads.

Alleged Bootlegger Held by Police

John P. Carter, who, the police say, is a "dry pocket" bootlegger, was arrested last night in the Everman's Club, Tenth and Franklin streets, by Sergeant E. W. Brock. He was booked at the city prison on a charge of violating the national prohibition law and vagrancy. When searched Sergeant Brock found three half-pint bottles containing fastidious brandy.

Frank Digdale was arrested by the dry squad at 170 Twelfth street for violating the national prohibition law.

A warrant charging violation of the Volstead Act was issued yesterday by United States Commissioner Albert M. Hardie, against James Romano, 2870 Peralta avenue, Oakland.

The presence of an illicit still in the basement of Romano's home was recently disclosed when the still exploded, causing a fire. Both the still and some liquor were seized as evidence.

Mrs. Emily L. Hart Called by Death

Mrs. Emily L. Hart, mother of Emmet H. Hart, secretary of the Merchants Exchange, died last night following a brief illness. She was born in the old "Half-way" House near Seventy-third avenue, what is now known as East Fourteenth street, in 1858. She was actively identified with the growth and development of Oakland. She was the widow of the late Albert Gilbert Hart.

Mrs. Hart is survived by six children: Emmet H. Hart, Mrs. E. H. Hossard, Mrs. Estelle M. Baender, Robert Hart, Alton J. Hart and Miss Florence Hart.

Funeral services will be held Thursday afternoon from a private chapel, 2312 Central avenue, Alameda. Interment will be private.

PRINTERS TO DANCE

SAN FRANCISCO, May 17.—The Union Printers' Mutual Aid Society will entertain Saturday evening at 8 o'clock in commemoration of the thirty-fifth anniversary of the society. William O. Townsend Jr. will be managed. James Owell is honorary chairman of the general committee of arrangements.

His extended over a period of 22 years. He came to the University of California in 1910 as professor of education. He had received his degree of Master of Arts fifteen years before.

The greater part of Barrows' education was received in California. He received his B. A. degree at Pomona College. He obtained a Master of Arts degree at Columbia University in 1896 and a Ph. D. in anthropology at the University of Chicago in 1897.

He is a native of Chicago and is 45 years old.

NEW SEIZURE IMMINENT IN GIER SCANDAL

Local Capitalist Surrenders on Boozie Charge; Freed on Bail; Wide Probe Now Under Way by U.S. Agents

Following several hours of search on the part of the United States marshal, armed with a warrant for the arrest of Theodore Gier, Oakland capitalist, on charges of violating the Volstead act, Gier appeared late yesterday before United States Commissioner Albert M. Hardie in Oakland and surrendered himself.

The warrant for Gier's arrest was issued following the seizure by federal agents of a limousine conveying wine to San Francisco and a raid on the Gier Vineyard Company's storehouse, in which wine to the value of \$60,000 was seized.

Commissioner Hardie ordered Gier to post bail for \$2000. Gier complied and was immediately released. He also furnished bail for Raymond Carlin, an employee, for Fred Poeller, described as a business associate, and for Gustav Lindemann, who drove the automobile seized by the federal officers on a ferryboat en route to San Francisco.

Prohibition authorities in San Francisco yesterday stated that, as a result of these developments, the seizure of \$2,000,000 worth of Gier Vineyard Company properties in the state and the confiscation of 100,000 gallons of wine in stock, were imminent.

Lindemann was quizzed for several hours yesterday by District Attorney Samuel P. Rucker. It is stated that he made admissions implicating Gier and many prominent men, alleged customers of the Gier Company, in Piedmont, Oakland and San Francisco. Rucker declared that he would question many of these alleged customers.

Federal agents state that a search of the bonded wineries at 518 Eighteenth street, Oakland, discloses the fact that more than 15,000 gallons of wine have been illegally disposed of since the first official inspection of the stock. This wine is reported to have been sold for \$100,000.

Director Rucker stated last night that he will demand forfeited the \$50,000 bonds deposited with him by the Gier Company as a guarantee against irregularities.

It is expected by prohibition officials that the Gier properties at Napa and St. Helena will be seized today.

Girl Swimmers To Compete Here

The second girls' swimming meet of the Bay Cities Amateur Athletic Federation of California will be held on June 3, at 8:30 p. m., at the Oakland Young Women's Christian Association.

The events will include: 25 yards free style, 50 yards back relay (4 girls); 100 yards, free style; 25 yards flag race; diving, swan, back, jack, back off and optional. Entries close on May 29. Entry blanks may be obtained from Miss Alice V. Goodman, swimming commissioner for women, San Francisco Y. W. C. A. Gold, silver and copper medals will be presented the winners in the several events.

If you see it in The TRIBUNE tell them so.

Goat Stolen From Pound; Boys Accused

Someone stole Peggy, the clean-up goat, right out from under the nose of the city. Peggy was in the pound one night and in the morning she was gone!

It was Peggy's clean-up ability and defiance of a law which says men should remove the grass from sidewalks and goats should not, that landed her in the pound. In the night Peggy disappeared. Harry Meyers, deputy poundmaster, discovered in a lot near Twenty-ninth avenue and the Western Pacific tracks, a goat who chafed at her chain.

"Is that your goat?" he asked the owner, and Peggy, looking up at her mistress, bled recognition. Return of Peggy to her home pasture was delayed long enough for Meyers' Poundman P. J. Connelly and Poundmaster Jack Peters to secrete themselves behind a shed. Approached three small boys with a tin pail and a thirst for goat milk. The boys are now charged with stealing the goat.

"JAY-WALKERS" FINED.

VIENNA. — "Jay-walkers" — pedestrians who cross streets between corners—are being arrested by the wholesale and heavily fined. Recent motor accidents caused the crusade.

COLBOURN WAGES WAR ON "DOPE"

Two Policemen Transferred to Special Detail in Effort to Stamp Out the Traffic in Narcotics in Oakland

Patrolmen Eugene Murphy and Elmer Yankie were withdrawn from the West Oakland anti-bootlegging "beat" today by Chief of Police Drew and attached to a special detail working in conjunction with Dr. H. R. Meader of the State Board of Pharmacy to stamp out the dope traffic.

The action was taken by special request of Commissioner Frank Colbourn. "There is a big bootlegging problem in Oakland as in every other city," says Colbourn, "but the narcotic traffic is more deadly and more vicious than anything else, and we want to stamp it out if it is humanly possible. The Congressional anti-narcotic act gives us a new weapon. We intend to use it."

Day Brings \$183 to Fund For Children's Vacations

Near two hundred dollars arrived at The TRIBUNE today for the benefit of the needy children. This money will be added to the fund for the purpose of sending these under-nourished, puny youngsters to The TRIBUNE'S mountain camp in the Sierras.

It is planned to send as many children as possible to the camp for two weeks. The outing is mainly for those kiddies who have not had the benefit of proper food and exercise during the year and to whom two weeks in the mountains will mean a new lease on life.

The children will have their outing for two weeks beginning June 17th. It will cost \$18.33 to send a child between five and twelve years of age to the camp for two weeks. It will cost \$22.25 for a child over twelve.

Those who sent in subscriptions today were:

Claremont Mothers' Club, \$102.00
C. H. Dickey, 15.00
H. D., 1.00
Anonymous, 5.00
Total, \$133.00

Everything is in readiness at the camp for the outing of the kiddies. Dr. Harry Foster, city health officer, went on a tour of inspection last week and ordered certain changes made which will make the

124 Teachers Added To Preferred List

ALAMEDA, May 17.—Twenty-four teachers were added to the preferred list by the Alameda Board of Education which met last night. The list is as follows:

Claremont—Inez Kopp, Leida Kopp, Irene Smith, Muriel Anderson, Grace E. Bell, Mignon B. Merrick.

Intermediate—Florence Sick, Emily Quinn, Irene Harris, Adelaide Baker, Mabel Luck, May McPhail.

Primary—Evelyn M. Tenn, Mildred Campbell, Sally Sholes, Inez Smith, Miriam A. Vellado, Gertrude Miller.

Kindergarten—Romie C. Walden, Mildred Campbell, Gladys Stewart, Nona Dickey.

Ethel Lawson was elected teacher of English and Viola Rogers teacher of modern languages in the high school.

The board authorized the erection of seven bungalows at the high school, and one at the Longfellow school.

You will always get best results from specialists

In seeking any form of service, you know you can expect the best results from those who make a specialty of that service.

We are specialists in the service of high-grade clothing for men and young men. For forty-seven years we have catered to the clothing needs and tastes of San Francisco men, and we handle no other form of merchandise.

One result of our experience is that we carry at all times the largest clothing stock in the West.

This great stock is not a mere matter of pride. It is sound business policy. Because it enables us to properly fit any man, regardless of his size or build, with a suit that exactly meets his taste in style, pattern or fabric. Also it makes possible the prices we maintain.

LABOR SHORTAGE
HERE IS DENIED

The TRIBUNE is in receipt of the following letter:
To the managing editor, Oakland TRIBUNE, Oakland, Calif.—
Dear Sir:
Of late, and upon different occasions, there has appeared in the news columns of your paper articles proclaiming to the world at large that there exists a shortage of skilled mechanics in the building trades in the East-bay district. As an electrical worker and a member of organized labor, I wished to register an emphatic and vigorous protest against your publication of these articles, for, insofar as they apply to our particular trade, I will state for your information that they are most certainly misleading and erroneous.
At the present time 30 per cent of our membership of inside electrical workers are out of employment, owing to the lack of demand for their services, and they are skilled mechanics. If these articles are paid for

by such organizations as the Builders' Exchange or the Industrial Relations Committee, permit me to suggest, in justice to yourself and the general public, that you make your readers aware of the fact by the usual method. On the other hand, should they be bona fide news items submitted to you, permit me to further suggest that you publish the facts only. (EDITOR'S NOTE: No news item is published in The TRIBUNE for remuneration. Advertising published in the form of reading matter is always marked "Advertising.")
As a constant reader of your valuable paper, I know of the inestimable good results you have accomplished for the city of Oakland in the past, and the limited field of possibilities before you in the future but I maintain that the publication of such articles as those in question are a distinct menace to our fair city, and I do not believe you would permit the same, were the facts placed before you.
These articles undoubtedly have a tendency to lure skilled and unskilled mechanics to this district, part of whom will secure work, thereby usurping the positions of qualified mechanics, who are citizens and taxpayers of our city. The other portion find no demand for their services, and naturally will become a charge upon the community at large, at the same time increasing the

SALVATIONISTS'
DRIVE LAUNCHED

Donations of approximately \$2000 on the first day gave the Salvation Army "mortgage campaign" drive a flying start, according to Salvation Army headquarters in the Henshaw building.
The amount raised in the present campaign will go toward paying off the \$72,000 mortgage debt on the new Salvation Army Rescue and Maternity Home at East Twenty-eighth and Orchard streets, Oakland, which was formally dedicated by Evangelist Booth of January 11 last.
The total cost of the new home was \$163,000. Approximately \$50,000 of this was raised in Alameda county in the drives of 1920 and 1921. About \$30,000 was sent in from other Northern California counties as their part in the building of the new refuge. The balance of \$72,000 was raised by mortgage.

Ephesian Club
Chooses Officers

At the recent election of officers held by the Ephesian Club in its new clubrooms at Hotel St. Mark, Anthony W. Strauber was for the third time elected president for the ensuing term.
The present officers of the club are: President, A. W. Stauber; Vice-President, V. R. Sonderleiter; Treasurer, A. Stream; Secretary, R. Muller; Corresponding Secretary, L. L. Cosad; Social Secretary, A. M. Lang; Sergeant-at-Arms, G. A. Meyer.
Tomorrow evening a theater party will be given by the club at the Fulton Playhouse.

For the "overdone" refined. Rub a few drops into a clean, damp cloth, apply to your face or other furniture, then polish dry. At your dealer.

Girls! Face Powders
May Make You
Attractive

But Be Careful How You Apply Them—Above All Be Sure to Use the Right Shade.

The secret of applying powder correctly is to use the right foundation cream. Howard's Buttermilk Cream, obtainable at all first-class drug and toilet goods counters, makes a perfect base for powder. Just a slight trace on your skin and well rubbed in before applying the powder, is all that is necessary. This wonderful cream actually vanishes from sight and the most heated atmosphere will not produce the slightest shininess or greasiness of the skin.

A good face powder, using the color best suited to your complexion, is an aid to beauty but be sure that the powder is pure. Howard's Buttermilk Cream Beauty Powders (Fresh, White and Brunette) contain true buttermilk that protects the complexion against exposure and the moves that disfigure skin which so often makes one of the best complexion look vulgar. If you cannot obtain locally send 10 cents (silver or stamps) for generous trial package of both Cream and Soap. Howard Bros. Co., 24 Main St., San Francisco, Calif.—Advertisement.

Your neighbor
will tell you to install
ARCOLA
NOW

1920
1921

NOW

SOMEWHERE in your neighborhood there is a man who installed ARCOLA last year. Ask him about the comfort and joy of having every room warmed with its own American Radiator. Ask him how much ARCOLA saved him last winter in coal.

Then look at the money-bag chart above. The bags represent the price of ARCOLA. See how the price of ARCOLA is the lowest this Spring, NOW, that it has ever been.

Don't wait for the rush next Fall. Let your family be one of the fortunate ones to save time, worry and money. Pick up your telephone; call your Steamfitter or Plumber and get an estimate on ARCOLA for your home at the low price NOW.

This Neighbor Saved Half His Coal Bill
"A year ago we installed ARCOLA with six American Radiators in our two-and-a-half story frame house. We have saved fully 50% of fuel over the old-style heating stove, not mentioning the cleanliness and labor saved, and the even temperature throughout the house."
CHRISTIAN KOMMER, CINCINNATI, OHIO

Half of Your Coal Bill is Worth Saving:
Get an ARCOLA Estimate Now

Your Plumber or Steamfitter will charge nothing for an estimate. Ring him up today. And drop a card to the address above for a fine ARCOLA book. It is free.

TODAY

Model Kitchen and Pantry

A new feature advertising page appears today on page 12.

It will be published each succeeding Wednesday.

Women love a nice, clean, attractive kitchen and all the things that should be in it.

This one has some new things that every housewife will enjoy looking over and reading about.

See it today for the first time in the

Oakland Tribune

"Save the surface and you save all"

The Cost of Rotting Buildings
now running into millions

ROTTING buildings are absolute waste, because a small investment in paint will save it. A building that is not protected by paint must either be rebuilt or repaired in a few years at a costly figure.

Check the costs. Compare the prices of paint and lumber. Can you afford to bear the expense of rebuilding or repairing your home, when to save it costs so little?

When you paint, make an additional saving by using the best paint. It spreads easily—saves labor cost. It covers more surface per gallon than "cheap" paint.

But more important, the best paint serves five or more years longer than "cheap" paint.

The best paints are scientific in formula and preparation. We've been making them for 73 years.

The Cost of Electrical Service

In estimating the cost of electrical service, it is important to reckon not merely the amount of your light bill at the end of the months, but the number of tiresome jobs electricity does for you and the amount of time and money it saves.

If your house is completely and satisfactorily wired, you can take full advantage of these economies. Hence, before you build, buy, or rent a house, be sure that the electrical installation has been made by a qualified electrical contractor.

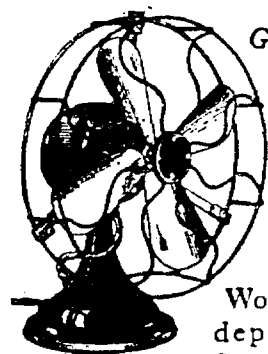

The difference between the bid of the responsible, competent electrical contractor and the irresponsible is seldom more than one half of one per cent—(\$50.00 on a

\$10,000.00 house). That is a small price to pay for the assurance that the workmanship is high grade, that the materials and appliances used are standard, and that enough convenience outlets and wall switches have been installed in every room.

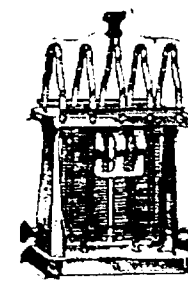

In selecting a qualified contractor with whom to do business, the orange and blue "check" seal of the Pacific States Electric Company furnishes a helpful guide. It identifies a complete line of standard electrical materials and appliances, some of which are listed on this page and some of which will appear in later advertisements of this series. These are distributed by contractors and dealers who are qualified in every way to give you the kind of service which you have a right to expect.

The electrical appliances shown on this page, together with other standard electrical products, certified by the "check" seal, are described in our new booklet, "The Electrical How for Householders". You will enjoy this booklet, with its many practical suggestions for the convenient and economical utilization of electricity in your home. It may be obtained free from any electrical contractor or dealer displaying this seal.

A few of the standard products sold under the "Check" Seal

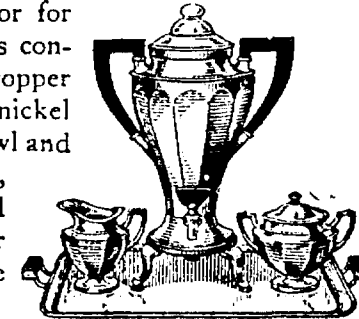

G-E ELECTRIC FANS—Types and sizes for all purposes. Turn an electric switch and you have breeze and ventilation—when and where you want it. Sturdily constructed and attractive in appearance. Works year after year, silently, dependably, economically. Supplied in both non-oscillating and oscillating types, the latter furnishing a regularly shifting supply of air.

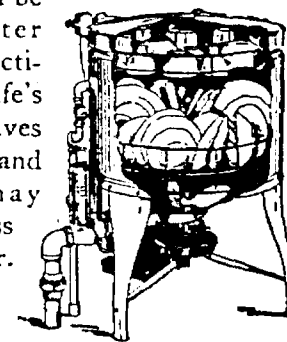

HOT POINT ELECTRIC TOASTER—Toasts two slices of bread at one time, quickly and evenly. Coffee, tea or cereal may be kept hot on top of the toaster at the same time the bread is toasting, or when desired a toast rack may be fitted to the top of the toaster, providing a handy receptacle for passing the toast. The rack has an ebonized handle which always remains cool. The Hot Point Toaster is fully guaranteed for one year by the Edison Electric Appliance Company.

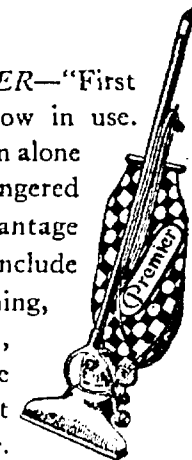

HOTPOINT GRECIAN URN PERCOLATOR SET—Very desirable for use in large families, on social occasions or for gift purposes. It is constructed throughout of copper and finished in polished nickel plate. Tray, Sugar Bowl and Creamer are of copper, heavily nickel-plated and polished. Sugar Bowl and Creamer are silver lined.

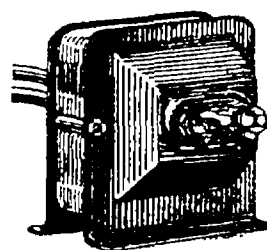

WALKER DISHWASHER—The one thoroughly practical dishwasher. On the market seven years and steadily growing in popularity. Thousands now in use. It can be directly connected with water supply and drain pipes and practically eliminates the housewife's most disagreeable task. It saves fully an hour a day in time and is easily cleaned. You may safely entrust your fine glass and fragile china to the Walker. Equipped with G-E motor.

PREMIER VACUUM CLEANER—"First among cleaners." Half a million now in use. Cleans in two ways, by powerful suction alone or by suction plus a rubber-fingered brush. This feature is of great advantage to the housewife. Attachments include tools for cleaning mattresses, clothing, walls, moldings, pillows, upholstery, furniture, pianos, etc. It may be quickly attached to any convenient outlet and costs but little to operate.

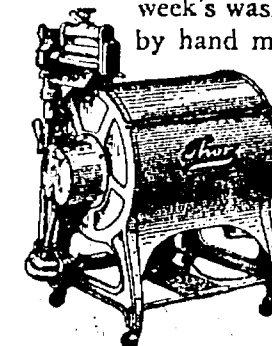

G-E TUMBLER SWITCHES—The G-E tumbler switch is the latest device for controlling circuits, and stands up better than any other device made for a similar purpose. It is self-indicating—up and it's on, down and it's off. It can be operated with the arm or elbow should the hands be full. Supplied in both flush and surface types. Furnished in brushed brass or special finishes if desired.

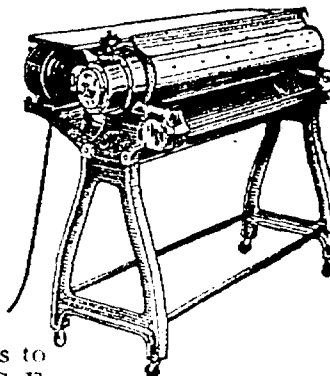

WAYNE ELECTRIC BELL RINGER (TRANSFORMER)—The Wayne Bell ringing transformer is a General Electric product, which eliminates dry batteries. The Wayne Bell Ringer is connected with the household light circuit and adjusts the current to the requirements of the electric bell system. The Wayne is easily installed and functions continuously and satisfactorily at a negligible cost to the owner.

THOR ELECTRIC WASHING MACHINE—The Thor washes everything from fine laces to grimy overalls without any rubbing. It does the week's washing in half the time required by hand methods and eliminates all the hard work of hand rubbing and rinsing. The Thor is scientifically constructed and solidly made. Always ready and seldom gets out of order. On the market 14 years. Over 750,000 now in use. Has G-E motor.

THOR ELECTRIC IRONER—Does the average family ironing in about one-fifth the time it takes to do it by hand—and does it better. It handles everything from household linen to lingerie. The cost of operating is about 5 cents an hour. No special skill is required to operate the Thor. The control is automatic and there is no complicated mechanism to get out of order. It is one of electricity's greatest gifts to modern housewives. Has G-E motor.

WHAT LUCK?

(Continued From Preceding Page)

an oven with pure, clean, fresh air heated to the proper degree of temperature and kept at that degree without any fuss or trouble. It is the only gas range on the market that has a built-in Air Oven. That is an exclusively Estate feature. The fresh air passes through the double walls which surround the oven bottom, is intensely heated and sterilized, flowing through the holes in the bottom of the oven, circulating uniformly through the oven and flowing out through the holes in the roof plate. This construction insures better, satter, more wholesome baking and roasting, and absolutely uniformity of heat in every part of the oven. Every Estate Range is equipped with the PRESSURE AIR OVEN, no matter what price you pay or what you buy. A big or little range. They are all one quality, the only difference is size. A Scotch or a Washington street is the agent in Oakland for the Estate. Be sure you investigate it before you buy.

THE FOOD VALUE OF CANDY.

(Continued From Preceding Page)

"It has been clearly demonstrated that candy is a very valuable food. CANDY IS A REAL FOOD, and not only a real food, but a most desirable food, because it contains in concentrated form the proteins, carbohydrates (sugar and starch), fat, minerals and vitamins. All of these different elements are essential to keep the body going, and one small piece of candy contains as much of these necessary nutrients as your lunch eaten at the average restaurant. Especially is this true of the BAR put out by the Carlsberg Candy Co. Really it is a whole meal. It is a bar made with a chocolate cream in which ground walnuts are mixed and covered with the finest milk chocolate. It is a real food. It also has a layer of jelly on the bottom to give that delicious chewy taste and ground peanuts mixed with the chocolate. Just one bite in the morning is a real treat. The ingredients are of the very best quality and the finished product leaves nothing to be desired. They sell everywhere for 10 cents. Next time you want candy try one. Also the Nob Hill made by the same company is a delicious confection. It is also a real food. You can make a mistake on either one."

MACARONI IS BOTH BREAD AND MEAT.

(Continued From Preceding Page)

that it has established a standard. All macaroni not made from Semolina flour, which is the flour of hard durum wheat, is inferior. Flour macaroni. The gluten of flour is the protein and Semolina flour has a very high percentage of protein. Real macaroni when cooked averages about 10 percent protein. Which is considerably less than the proper amount necessary for a well balanced diet; add a bit of fat and you have a meal. There was a time that we only got the real macaroni when we bought the imported, but that was before our government purchased the seed of the durum wheat from Russia. Now the United States grows enough of this wheat to supply all the Semolina flour necessary for the manufacture of the great quantity of macaroni made in our own country, which amounts to about 1,000,000 pounds daily. And one of the most important things for our housewives in California to know is the fact that we have a macaroni factory right here at home that makes the REAL macaroni, and macaroni that is equal, and some think is better, to the imported. I mean the Royal Macaroni. There is no better. The Royal Macaroni is made in a clean, modern, sanitary, up-to-date factory. It is not only the best and the purest, but it is made in our own state. Try Royal Macaroni the next time and you will vote it the best you have ever used.

THE EMERGENCY SHIELD.

(Continued From Preceding Page)

the emergency shield when it comes to using DODGE products. Use them every day and for every need. You will find them a splendid food, besides so easy to prepare. They make a specialty of these tender little, string beans. And truly they are delicious. Just open a can of them and wring thoroughly with cold water. (To take away the canned taste), heat and pour melted butter over them; or serve cold with mayonnaise; or try a bit of Bright & Miller Breakfast Bacon until crisp and stir into the beans until they are heated through and through, this last method makes an especially tempting dish. But any way you care to take these delicious string beans, in salads or as a vegetable, you will find they are a dish fit to set before any guest of emergency or otherwise. Be sure to ask for the DODGE brand.

WATER AN ABSOLUTE NECESSITY.

(Continued From Preceding Page)

animal and plant life, but FEW people know how MUCH the human body needs to be kept in perfect health. Every man, woman and child should drink at least two quarts of good, pure water daily. That is the minimum and they should drink more. We need this much at least to insure the proper elimination of the impurities formed constantly by the body. Man can exist without food for eighty days, but he can only live five days without water. One can readily understand this when they realize that four-fifths of the human body is water. However, drinking just any kind of water will not do. It must be pure, clean and suitable to produce the proper results. I wish to call your attention to the Alhambra Spring Water. It answers all these requirements. It is brought from the Alhambra Springs in the Alhambra Valley five and a half miles from Martinez. The springs are capped underground so as to avoid all possibility of contamination from surface water—in fact the water never sees the light of day until it arrives in Oakland. If you buy Alhambra Spring Water you will most assuredly know that you are getting just what you pay for—PURE WATER. The Oakland Alhambra Depot is at 5728 Telegraph avenue. Phone, Pledmont 771.

A VALUABLE MINERAL.

(Continued From Preceding Page)

use it for their eyes and nose and bath? Put about a half teaspoonful of salt in a glass of cold water and use in an eye cup. You will be amazed at the refreshed feeling as the result. Put about one-fourth (teaspoonful) less salt or less in a glass of tepid water, and use in a glass nose douch. Allow the water to run in one nostril and out the other, then gently blow through each nostril. You will again be amazed at the result. Your head and nose will feel clear and free of all foreign matter, and you will feel like a new person. Just before bathing take a handful of salt and rub your body thoroughly with it. It will invigorate and stimulate you unmeasurably. All the rough, scaly particles of your skin will have disappeared and your outline will be as smooth and soft as satin. These are suggestions for you that have been tried out in my own home by all the members of our family with beneficial results. After one begins to use salt along these lines the ways that are suggested are many and varied. Suppose some of my readers try out some of these hints to others who are interested in better health.

The salt that I always use is Leslie's. It is made by the Leslie Salt Refining Co., San Francisco. It is made from Pacific ocean water re-crystallized in vacuum. This salt

HERTZ TO REMAIN AS DIRECTOR OF S. F. ORCHESTRA

Final Decision Is Reached to Keep Symphony Body and Its Leader.

SAN FRANCISCO, May 17.—The San Francisco symphony orchestra, which has been abandoned and its conductor, Alfred Hertz, has been re-engaged for the forthcoming season. This decision was reached yesterday at a meeting of the board of governors of the San Francisco Musical Association, and gladdens the hearts of thousands of bay region music lovers, who feared that disaster was about to overtake the symphony orchestra, which has established its fame among the greatest musical organizations of the United States. In a statement issued by the board of governors it is stated that the balance of the amount necessary to cover the budget for the next concert season has been underwritten in the expectation that enough additional subscriptions and memberships will be secured this summer to relieve the temporary underwriters of their liability.

The board of governors is pleased to announce that Alfred Hertz has been re-engaged as conductor of the San Francisco symphony orchestra for the season of 1922-1923. The personnel of the orchestra will continue practically unchanged. Hertz has been conductor of the orchestra since 1915. When he appeared to direct the last concert of the past season he was the recipient of a tremendous ovation on the part of the huge audience. Within an hour the audience spontaneously subscribed eleven thousand dollars toward the symphony orchestra and for the retention of Hertz's services. It is put up in two handy packages—Leslie's Table Salt in the handy round tin package with a spoon from which to pour it, and the vet Grain Salt for kitchen use. If you want Leslie's you will get a pure sanitary product.

THE STORE THAT IS DIFFERENT.

(Continued From Preceding Page)

modern store was chosen. That his ideas had proved a sound one is demonstrated by the way in which his business has increased from year to year. He has a satisfied customer that has become his steady patron. The Ashby Furniture Co. makes a specialty of high-grade over-stuffed living-room sets, either made to order in their own factory from the best Mohair that can be obtained or beautiful models made in master factories. You may get practically anything in that line that you wish, and at below the price that you would expect to pay for such goods. Also, you get service. Competent decorators and salesmen are always ready to help select and advise as to the desirability of any article that you wish to purchase. Personal attention is given to every patron whether the purchase is large or small. If you are changing the furniture or buying new, please do not do so until you have seen the wonderful display in their show-rooms at 3287 Adeline street.

Blind School to Arrange Exhibit

BERKELEY, May 17.—The teachers and pupils of the California School for the Blind are preparing an exhibit of school and vocational work to be open to the public at the time of the annual concert and commencement exercises, Saturday evening, also Sunday afternoon and Monday evening, May 20-22.

The special apparatus for writing books and special equipment of the blind will be shown in actual use. The handwork will form an attractive part of the exhibit.

LISBON CITY OF BOMBS.

LISBON.—After investigating a series of bomb explosions here the government has come to the conclusion that Russian Communists have gained a strong foothold among the laboring classes and are inciting a campaign of violence.

Funds Gone, China Agents Quit Tokyo

TOKYO, May 17.—(By the Associated Press.)—The entire staff of the Chinese legation left Tokyo today, without notifying the foreign office, declaring their departure was due to the failure of Peking to supply funds for Chinese students here and the refusal of Japanese banks to make further advances on the ground of lack of security.

BOY GETS FINE AIREDALE PUP

"Say, Jimmie, come on over. I want to show you something. Gee, whiz, I got a bargain today. Lookit here—a pup! Yes! An Airedale pup. Hain't he a dandy?"

"Gee whiz, he's fine. Where'd you get him, Skinny? I asked a man about one once, and he said they cost a heap of money."

"Oh gee, what did you ask me for? When my mother comes home I'll get it. I was saving up money to buy a suit. I wanted to get it with my own money, too. I saw a man with this pup for sale today and I came home and got it without asking my mother. She'll be mad as she says I need a suit worse than a dog."

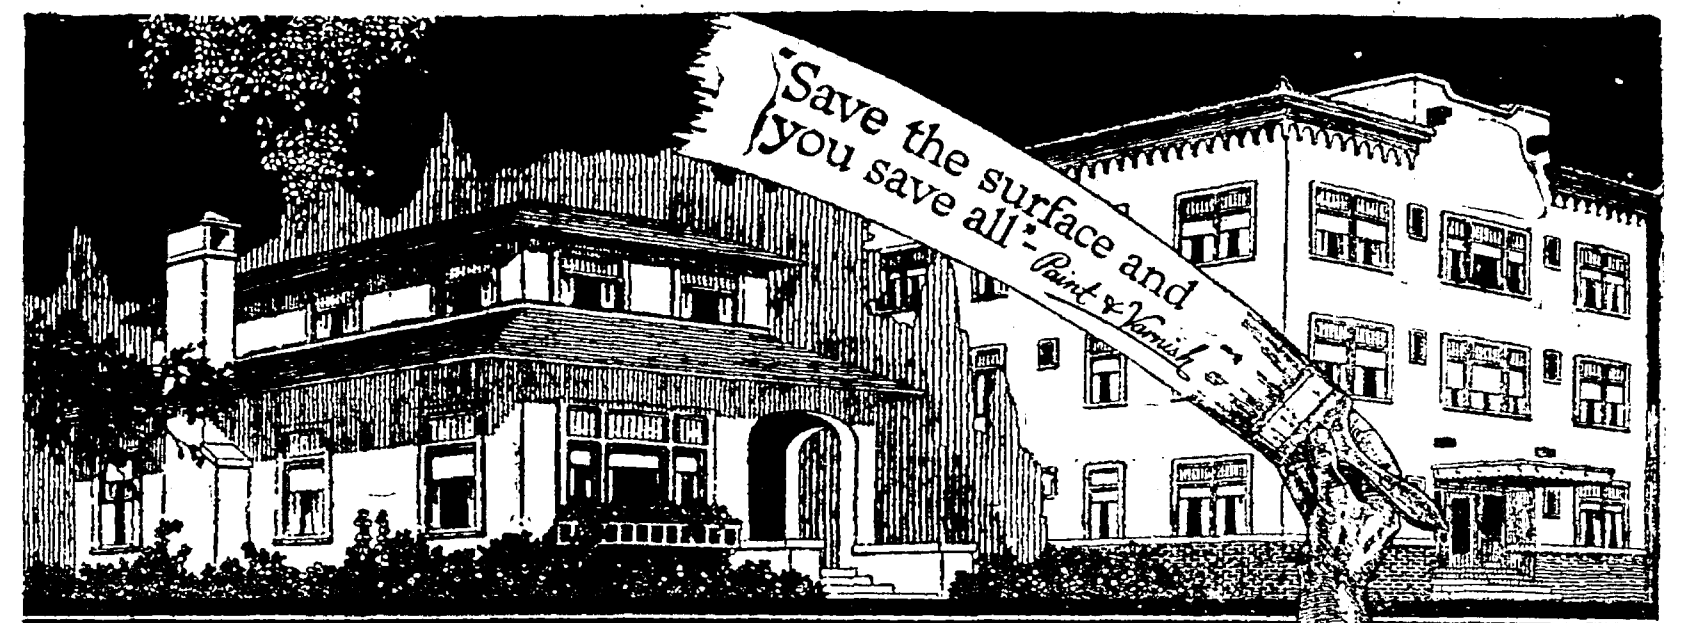

"The dog's too good for you. I'm glad I ain't in your skin. I'll tell you what. You tell your mother you will get your suit. I'll tell you how. I got mine at Cherry's at 528 13th street, and I'm paying for it all my own self. Not this suit. My good one. I only had to pay ten dollars down and then I pay some money every month. I have some in the bank, too. But when a fellow knows he has to pay so much every month, he pays it. You see if your mother won't let you do that and keep your dog too?"

Cherry's store for women is at 515 13th street.—Advertisement.

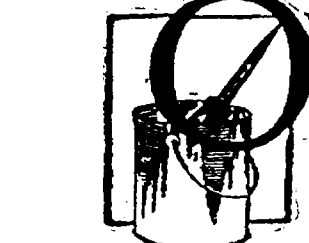

Muzzling of Dogs Found Unnecessary

Announcement was made today by the Oakland Society for the Prevention of Cruelty to Animals that the government has completed its tests on the newly discovered rabies-vaccine for dogs, which will eliminate the necessity for muzzling.

According to the bulletin, the new vaccine was tested by the government, and out of 35,000 dogs inoculated only one showed evidence of rabies when subjected to the disease. The bulletin was issued following announcement by the city council that a muzzling ordinance was to be passed.

Wise Landlords will Paint NOW!

OWNERS of for-rent property should by all means PAINT NOW! To neglect this important improvement may lead to big losses in revenue.

New homes and apartment houses are being rapidly constructed. Renters are already moving out of run-down property into the more attractive new places.

Unless owners repaint and redecorate their old structures, they will be compelled to accept less desirable tenants—and less rent!

It isn't a time for quibbling. Wise landlords will meet the situation promptly and wisely. They will immediately take steps, not only to protect their property from further physical depreciation, but to insure for themselves satisfied tenants and satisfactory returns on their investments.

It isn't a question of whether you can afford to paint—it's whether you can afford not to!

If you have resolved to be economical this year, PAINT—for paint applied in time, is the truest economy!

It Costs Less to Paint Now than Formerly—Why wait?

Today it costs less to paint than it did. The cost of materials has lead in the downward economic trend of manufactured products.

But no matter what it costs the fact remains that it always costs more not to paint!

Rust and rot go on until you check them. The logical time to paint and varnish is now—before property has deteriorated to the point where other expensive repairs must be made.

Get in touch with your painter, or dealer at once and get an estimate on the work you should have done.

Don't keep putting it off! The longer you wait the more it will cost in the end!

Co-operate with the thrifty, enterprising property owners of this section.

Paint and Varnish Now!

Man's Best Mechanical Friend

Sturdy, dependable, businesslike, democratic—typically American! That is the modern light car.

Its claim to popularity is based upon service.

The man who owns one of these low-priced makes knows that his car will run, even under the most trying conditions. He knows that he can take his machine over the roughest mountain grades, roads which would ruin many a heavier, more expensive car, without its being any the worse for wear.

Where the traffic is thickest the light car owner can dodge around and be the first one out of the jam. This feature of a short wheel base saves many valuable hours in business.

The retail merchant who uses a light car for delivering is certain that his customers will get their goods on time. He knows that this prompt delivery, which is secured at a very low cost, is a very important factor in building up his business.

In the social life of the man of small means, and in the business life of the small merchant—as well as in big business—these little cars will continue to play an ever increasingly important part.

East Bay Times and Homesites

Distinctive Homes No. 12

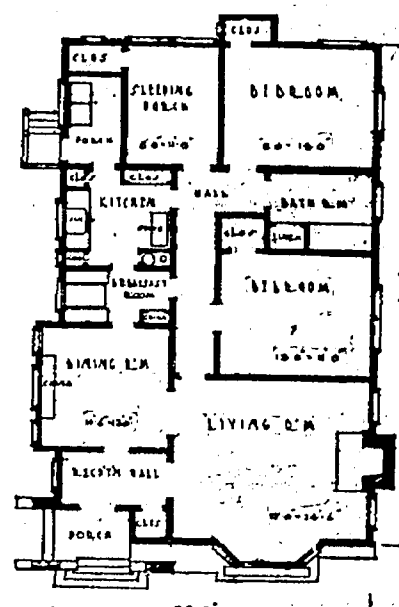

Printed by courtesy of The Home Designer Magazine (of Oakland), which is prepared to furnish prints and specifications to readers of The OAKLAND TRIBUNE at a special and very reasonable figure.

An attractive entrance porch. The steps are in brick, which adds color and charm to the whole design.

There are five rooms, a sleeping porch and breakfast-room. Note convenient service-hall, off living room, connecting with rooms in rear.

A distinctively California home, cozy and picturesque, of convenient arrangement, readily adapted to the needs of a small lot, and inexpensive of construction.

So long as surrounding houses are not too elaborate or costly, such a home would fit into any of the schemes of the Oakland Real Estate Board who are handling the sale or construction of medium-priced homes and home sites.

MY FAVORITE STORIES by

IRVIN S. COBB

A Chronic Loser

At Lynchburg, Va., a traveling-man climbed off the train in a hurry. He had only a few minutes in which to travel across town and make connections with a train for Roanoke.

For some reason or other there was a dearth at the station of vehicles for hire. The only rig in sight was an ancient carriage drawn by a scrawny, old crowbar with an old negro man for a driver.

"Right this way, boss," shouted the old man as he ran forward to relieve the traveler of his hand-baggage. "Tek you anywhars in the city for fifty cents. Hop right abode, suh!"

"I've got to rush over to the other depot," said the white man. "That mare of yours doesn't look very fast. Do you think she can make it?"

"Huh, dat mare?" proclaimed the old man. "She sholy kin. She's mouty deceivin' in her looks. They calls dis hoss Lightnin'."

Thus reassured, the stranger climbed in. The black Jehu mounted to his seat, snapped the lines and gave the word of command. Tottering on her shaky pins the venerable pack of bones ambled off.

"Say, look here, uncle," said the fare, "that nag of yours may be speedy when she's feeling right but it strikes me that she's lost her health or something. Why, she's almost weak enough to fall down in her tracks."

"Boss," said the old man, sinking his voice to a confidential undertone, "I'm gwine tell you a secret. Dat mare ain't sick, but yere lately, as you mout say, she's been kind of out-o' luck."

"What do you mean—out of luck?" asked the passenger.

"Well, suh, ever' mawnin' I shakes de dice to see whether dat mare has a bait of oats or I has me a slug of gin. An' she ain't won for mouty nigh a week."

MOVING PICTURE OF A MAN FEEDING TWO CHILDREN AT A RESTAURANT

REEL ONE

SCENE: Herds two young hopefuls past peanut-vending machine near door.

Removes daughter's hat and coat.

Son meanwhile beats it back to peanut machine.

Father chases son and drags him back to table.

Removes his hat and coat and seats him.

Son wants to sit higher.

Daughter wants to sit next to daddy.

Both children get up from chairs and chase each other up and down aisle.

Father runs them down and brings them back to table.

SUBTITLE: Sit down there till we're through, will ya?

REEL TWO

Small son still hollering for higher seat.

Father gets telephone directory and puts it on chair.

Father asks young nuisances what they want to eat.

Chorus: Ice cream!

Father tells them they can't have ice cream.

Son starts to cry.

Father suggests some nice soup.

Both children wail.

Father becomes stern and parental.

Small son grows rigid.

Daughter jumps up to show father cookies on counter.

Son jumps up to accompany daughter.

Father jumps up to herd them back to table.

SUBTITLE: Sit down there till we're through, will ya?

REEL THREE

Enter the soup.

Father kept busy adjusting napkins.

Cooling off soup by pouring water in it.

Buttering the small crackers.

Son gets some of the soup inside of him.

Distributes the remainder impartially over the scene.

Father continues to urge and bribe children to eat.

Enter the soft-boiled eggs.

Son doesn't want 'em.

Father tells him how good they are for him.

Son doesn't care.

Father loses patience and hollers.

Son hollers still louder.

Daughter joins in.

Patrons all stop eating and give father mean looks.

Father finally succeeds in injecting egg into small son.

Bribes daughter by promise of ice cream.

Daughter jumps up to look for it.

Son jumps up to help her.

Father meanwhile trying to get a bite of his own meal.

SUBTITLE: Sit down there till we're through, will ya?

REEL FOUR

Children gulp ice cream and holler for more.

Father, famished for food, keeps busy watching young demons.

Takes eyes off them a minute and both escape.

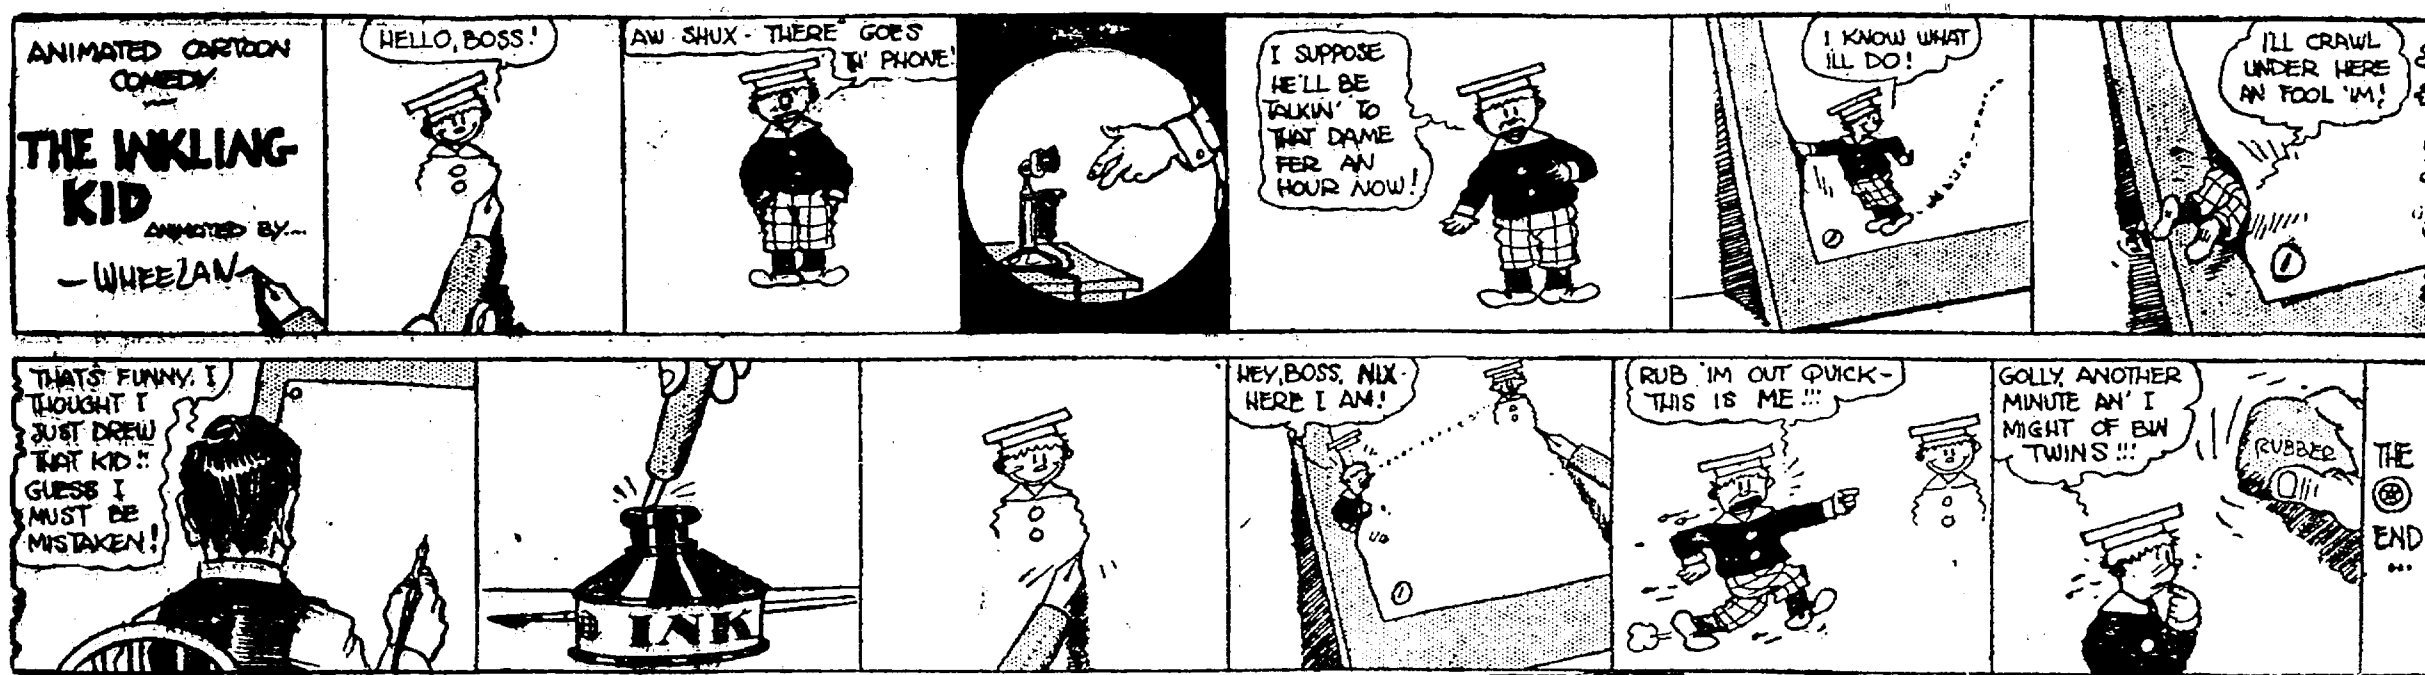

Start game of tag up and down aisle.

Try to get peanuts out of vending machine, pull it over and break it.

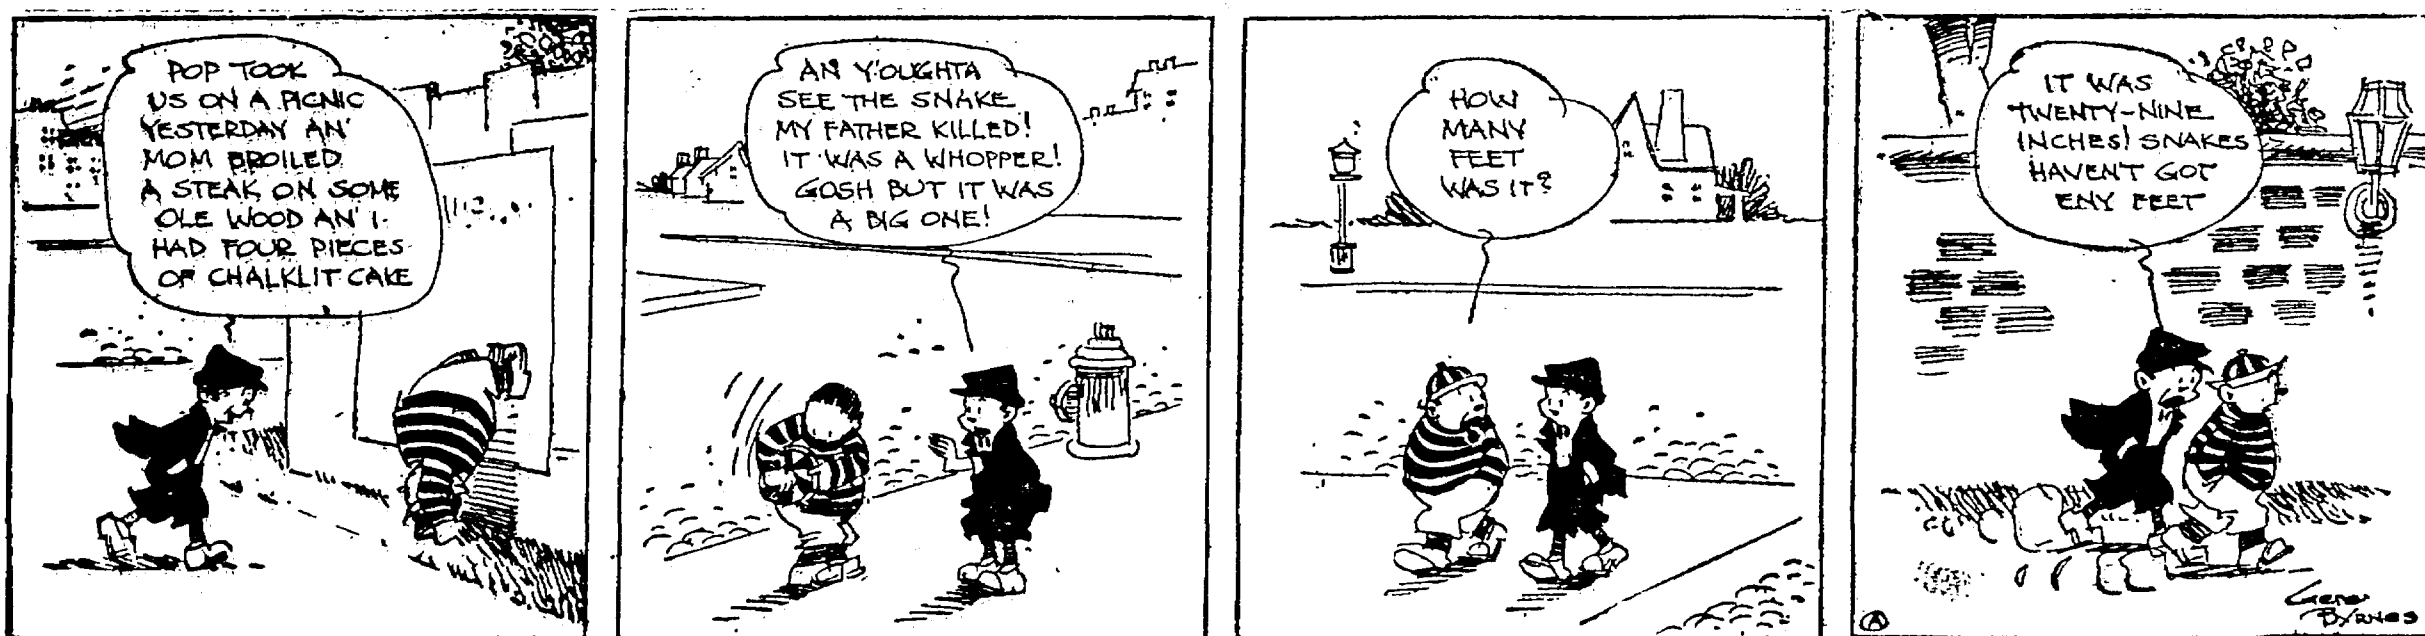

Father desperately grabs coats and hats.

Dresses small fiends and jams them into chairs.

Should a Woman TELL?

by Hazel Devoe Batchelor

Running Away

Hawthorne Emery decides to marry Dane Merrill without telling him that Cranford Blake had once played a part in her life. She discovers that Dane is very narrow in his ideas about women and that he is looking to her to exert an influence over his little butterfly sister, Julie. Julie is falling in love with a man much older than herself, and driven into a corner she tells her mother that she has met this man through Hawthorne. Shortly after this Hawthorne sees Cranford Blake at a hotel, and the next morning he calls her up on the telephone and demands to see her. She hangs up the receiver while he is speaking, but is sorry afterward because it has simply meant postponing the issue.

CHAPTER XXI. RUNNING AWAY.

"Who was that, Martha?" I asked as the maid came through the room on her way to the kitchen.

"O, Mrs. Merrill, is that you?" she said starting. "I'm glad you're feeling better. It was a man who has called up several times since you went to the doctor. He did not leave his name, but this time he left a message for you."

"Yes," I shot the word out tensely.

"He will call you up at 6 o'clock. He asked if I thought you would be in then, and I said you would be here for dinner."

"All right, Martha," I managed to say, but I felt faint. How diabolically clever he was. He knew, of course, that Dane would be in at that hour and he meant to punish me for hanging up the receiver this morning. What was I to do? The impulse of the weak, to evade the thing, to postpone the issue until I had had more time to think, was too strong for me.

I flew to the telephone in the library and called Dane's office. After a wait of a few seconds his voice came to me deep and wonderfully reassuring.

"Hello."

"Dane, dear, this is Hawthorne. I've been ill with a headache all day and I thought I would be nice to eat dinner out this evening. I felt ashamed of my shabby subterfuge as I said the words, but I was in this thing too deep to draw back."

"All right, dear," I'm sorry your head has bothered you. We'll go anywhere you say, but I'll be up at the usual time to change."

"Don't bother to do that," I hurriedly answered. "I'll meet you downtown. I'm just leaving the house now to do a little shopping."

Dane hesitated. He hated to go anywhere in the evening without coming home to freshen up. He was as fastidious about his hair and his grooming and as a rule I loved it in him. Tonight it loomed up as a fault and for a moment I was impatient to the point of exasperation.

"I'll let it go tonight," came his words and my relief was so great that for a moment I felt almost light hearted.

"We arranged the meeting place, and I rang off. Then I went out to tell Martha that we would not be home for dinner."

I had turned away when she spoke to me, and I was forced to turn around.

"Mrs. Merrill, that man who was to call up, what shall I tell him?"

I felt the blood flushing my cheeks and it took every bit of my strength to speak naturally and with a light laugh.

"I don't know who it could have been, Martha; you say he didn't leave his name?"

"No, Mrs. Merrill. He just said he would call."

"It's probably of no importance," I said quickly, "and of course I won't be here. Tell him to call up tomorrow morning, that I shall be at home then."

A moment later I was out of the house. The air was crisp and cool and blew into my hot face refreshingly. As I walked briskly along my spirits rose with every step. My thoughts became clearer and I was able to think logically.

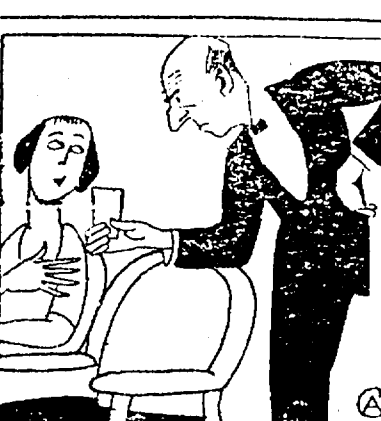

The thing to do was to make no more fuss about it, but to see Cranford immediately. When he called to be discouraged at first by the skepticism of every person in her environment. She must be brave enough to disregard the generous warnings of her general acquaintances. Father and mother who present to her in brilliant colors the career of a wife, cook and mother, as against the trials of a business or professional livelihood.

She then finds herself, wherever she goes, a member of a

One MASKED MAILMAN

Post-Scripts

(An Oakland Mailman sees life and writes about it in his own way).

Shaving

Two bits is two bits—
These days—
And no bald-headed barber—
With garlic breath—
Is goin' to grab any more—
Two bits from me—
Just for a measly shave.
And two bits a day—
Put in the old can—
Will some day take me to Europe—
And back again.

I'll shave myself—
And no longer be a slave—
To soulless profiteers—
In loud smelling disinfectants.
Here's that old razor—
That dad shaved with—
For fifty years.

If it's good enough for dad—
Well, it's good enough for me.
Now for the soap—
I guess this kitchen soap—
Is good as any—

Gosh, how it stings—
Well, let her sting—
Great scab—I've got an eye full—
Dad bum the dad whiskered luck—
Well, there you are—

Old whiskers—
Soft as a maiden's heart—
Now for the bloodless operation.
That seems to work all right—
Smooth as silk—

Two bits—eh?
That's what I call head-work.
Whoop—there goes a wart—
That's been in our family—
For forty years—

I'm glad it's gone—
What the infernal bow-wow—
Is that thing I struck now?
Looks like a piece of ear—
Serves it right—

Darned old ear always did
Stick out too far—
Great gobblins—look at the blood—
Buckets of it—
I'm getting weak—

Mary—Mary—Why in the—
Gin fizzled rum-dums—
Didn't you tell me—
That you had been trimming corns—
With this dad-foozled old mowing machine?

Two bits ain't no money—anyhow.
I'm no dad-blasted old miser.

PSYCHO-ANALYSIS

by ANDRE TRIDON

FEMINE CONCEIT

ANDRE TRIDON

THE woman who has made her mark in the world is likely to be infinitely more conceited than the man who has achieved the same degree of distinction. This is not due to any special idiosyncrasy of women's nature, but to the fact which men are apt to forget, that in order to rise as high as a man, a woman has to rise infinitely higher. Her starting point is farther down than a man's.

The woman who decided to compete with men in the business or artistic world is likely to be discouraged at first by the skepticism of every person in her environment. She must be brave enough to disregard the generous warnings of her general acquaintances. Father and mother who present to her in brilliant colors the career of a wife, cook and mother, as against the trials of a business or professional livelihood.

She then finds herself, wherever she goes, a member of a

small suspected minority which competitors do not take very seriously.

When near the goal, she sees many male competitors outdistancing her through political pull, fraternal favoritism, lodge influences, etc., against which she can only use her physical charms. Her use of them at times implies so much humiliation and degradation, if not loss of caste that she generally prefers to fight her own battles unaided.

When she reaches the goal, the battle is not ended. She must constantly fight for her position. A hundred liberties which men can take with ethics and morality are forbidden her under penalty of being disqualified. We must therefore expect the woman who has surmounted all these obstacles to feel rather important. Successful women and child prodigies are a little tiresome. The child prodigy generally has his conceit kicked out of him by life. The successful woman retains hers to her dying day. The time is coming, however, when the world will treat more kindly and more intelligently the woman bent on entering a career.

The successful woman will then abandon the self-consciousness and the conceit which characterize the members of every small and militant minority at odds with its environment.

Kitchen Economies.

Cafe Parfait.
Pour one pint of boiling water over ground coffee and let it stand ten minutes. Add three-quarters of a cupful of sugar and a pint of cream. When cool, strain, add a half-pint more cream and freeze. Fill parfait glasses, top with whipped cream, and garnish with cherries when serving.

Mixed Salad.
Use large green salad leaves and serve on them a mixture of chicory, endive and any other green salad the market affords. Garnish with finely cut shavings of red pepper, and sprinkle with French dressing. If liked, a quarter pound of Swiss cheese may be diced through the salad, or a tablespoonful of Roquefort cheese may be worked into the French dressing.

Spanish Eggs.
Make a good cream sauce, thickening it with browned flour, and

season with pepper, salt and the juice of an onion. Add a chopped sweet pepper. Prepare toast-rounds for as many people as there are at the table, spread with the sauce, then place a poached egg on top of each, and garnish with sprays of cress.

Tomato Bake.
Cut the stem end from six medium-sized tomatoes, hollow out the centers, and then turn them upside down to drain for a few minutes. On the outside of each tomato, put in a few buttered crumbs, brown by fire. Season with salt, pepper, and a few drops of onion juice, and a spoonful of sugar, and dust over all a few fine crumbs. Set on a buttered baking-dish and bake in a medium oven for about ten minutes. It is a good idea to bake the tomatoes once during the baking.

(Copyright, 1922.)

Geraldine's SHOULDER

Listen, World!

I'VE lots more hope for humanity today than I had at this time yesterday. Here's why. We were waiting for the train at the busiest corner in town. The crowd was piled three deep—mostly men. Skinny men, fat men, men with double chins and half portion legs, men with too much front teeth and too little back teeth. But all twitches with nervousness to be off—all looking bent on some Useful Mission, and just about as interesting as boiled cabbage.

Spring was in the air and spread a foot thick over the landscape. I longed for Romance or at least an interesting crime. But as far as kick went, that crowd was a constricting pudding. You could see at a glance that they had never been Little Children—had never believed in fairy tales—had never smashed a window or swiped a watermelon—had never done anything in fact save grub along. At least, so they seemed to me and I longed to tell it to the world in a large, red yell.

An' just then Just then up the street at first but swelling louder and louder. There came the sound of a callopie!

A CIRCUS CALLOPIE!!!! It sounded as if the tune had been strangled while asleep, drawn and quartered, boiled in oil, shot at sunrise and served with fried onions—but it got there. It was Spring! IT WAS YOUTH! It tickled and poked and leered at you.

Here's the echo of the cry in scores of lonely young hearts today: "Dear Gerry:

Maybe there isn't any place for me in your gang, but anyway I'd like to tell you about myself, and perhaps you can tell me what is wrong with me. You see, Gerry, I'm way out of fashion. It isn't my clothes or my looks, but my wrong. I have a conscience, and nowadays a conscience is about as popular as smallpox. I just can't let every man I meet kiss me, and yet they all think you're a prize if you don't. Even my best friends do it, and yet I hate to. I've gone out for rides with them and they're disgusting.

"I'm young and like a good time, but I'd rather stay home than make myself common. Oh, Gerry, aren't there any nice boys left? Please print this and maybe some of your gang can tell me what the matter with me. I don't mind at all if you criticize me, for I haven't been able to find any solution by myself. A conscience seems to be out of style for good boys. You think it would be better to discard mine."

"AN OLD FASHIONED GIRL." My dear little girl, I sympathize fully and lovingly with you in your trouble and I want you to remember that if what I am about to say seems brutal, there is nothing harder to bear than unpopularity when life's at stake. But nine times out of ten the fault lies entirely with the young person himself. Now in your case I think it highly probable that your lack of charm is due to the fact that you're convinced that you have a conscience and other folks haven't. At the root of your discontent lies a very natural envy. Instead of carefully studying the character and trying to overcome your own faults and add to your attractions, you immediately jump to the quite nasty and most intolerant conclusion that the other girls gain admiration by the sacrifice of their purity and that you alone are holy. Buck up, little sister, and face the truth. There are oddies of nice girls and nice boys. They are not a class now and then just as their fathers and mothers did, but their hearts are as clean and their aims as high as any on earth. Drop that little tin halo you're clamping over your eyebrows, and get out and enjoy life like a regular young person. Smile instead of sniff, look for beauty instead of ugliness, give

BRAIN TESTS

by Sam Loyd

The musician's monkey is studying out an interesting puzzle propounded by his master. You see the organ had seen his best days and was sadly out of tune. The organ grinder's staying powers were inexhaustible, and nothing short of a contribution from each of the tenants would induce him to cease the eternal grind and go to other quarters. Now that his audience is ready to capitulate, can you show Jocko the shortest possible route to clamber from window to window with his little tin cup, returning finally to his master's shoulder?

(Answer Tomorrow.)

Tony's new sign says in puzzle language that he now deals in milk, coal and ice (mill K colon ice.)

THE CALLOPIE!

you. It whispered of monkeys in a cage, blood sweatin' hippos, roarin' lions and rocking elephants. And CLOWNS! Up the street it leered. Down the street it called.

As on a pivot turned that crowd of men—skinny men, men, hairless hairy, pompous or peevish, with one accord turned they. As the leaves bend in a rising wind, so their ears bent to that tune. As the wild waves rise on a coming storm, and take the long sky trail, so rose the soles of their stout brags.

The train came in but the crowd no longer waited. They only boarded that train. I wasn't among the three. We had all gone off to watch the circus parade go by.

Through by touching decency and more hope for humanity today than I had at this time yesterday.

Child's History of the HUMAN RACE

by Ramon Cuffman

Cups and Bowls of Clay

WHEN the earliest men were thirsty and came to a brook or spring, they would either stoop down and put their lips to the water to drink, or else they would form the palms of their hands into the shape of a cup or bowl and bring the water to their mouths. So you see that the palms of the hands made the first drinking vessel.

The next step was doubtless to use large shells for cups. The hollow horns of animals may have been used so as again to carry water from place to place.

Other things which may have been used for holding or carrying water were cocoons and gourds. The skins and stomachs of slain animals were also probably used, and it is even suggested that skulls of both beasts and men served as cups or bowls.

Wicker is believed to have been used in making bowls at a later time. The cups and bowls were made of wicker, and coated with clay to make them waterproof and fireproof. The idea of BOILING the flesh of animals had already come to the human mind. When such bowls were held over the bonfire, the

clay on the outside HADENED. In some cases it is likely that it dropped off, and man found it could be used as a bowl without the wicker inside.

Someone then got the idea of taking some fresh clay and molding it into the shape of a cup, and then hardening it over a fire. This was done and the cup held water.

Of course the earliest cups and bowls were not very good-looking. People at first did not know how to make clay smooth and round, but in time the art was mastered.

When clay is made into a special shape and hardened by fire, it is called POTTERY. Pottery fragments have been found in hundreds of places in Europe where Stone Age people lived. The fragments have been put together carefully so as again to form the cups, bowls and other things used from flint to flint.

Oh, I see what you mean," spoke Miss Fuzzy Wuzzy. "Well, I don't need anything from the five and ten. But if you would stop in at the three and four cent store you must bring me some sugar."

"Oh, do that," promised Uncle Wiggily. "I'll bring you some sugar. I'll drop out any diamond ring, and the blue Hen did not need to fish up the jewel."

That is the story I told you last night, if you will kindly remember.

Off hopped the bunny rabbit gentleman, hoping to have an adventure and at the same time get the sugar for Nurse Jane. As Uncle Wiggily was passing beneath a tree, he saw a small bird perched on the top of a bush. It was a little bird, and it was a little bird.

"Peep! Peep! Peep!" twittered the little bird.

"Oh, where is my little Peeper?" cried a mother bird, flying down from the tree upon which the bunny stood. "Have you seen him? Have you seen my Peeper?" she asked of Uncle Wiggily. "He fell out of our hanging nest just now, but I don't see him on the ground. Oh, Peeper, where are you?"

"Perhaps this is Peeper," asked Uncle Wiggily, holding the tiny bird in his hand.

"Oh, yes, that is my Peeper!" cried the mother bird. "Where did you get him?"

"He fell on top of my soft cap," answered the bunny. "I am glad I saw him. He is a little silk hat, which is rather hard. But how did Peeper fall, and from where?"

"He fell out of our hanging nest," answered the mother bird. "He was a Baltimore Oriole, she went on, and we birds make our nests like a hanging bag. You might call it a bag bird, I suppose."

"It is not so pretty a name as Oriole," said the bunny. "You can't say it, and it is a little awkward, which means to go on," he added politely.

"Well, I saw him and his little sister. Twitter were playing in the hanging nest—silk-hatting, you might call it," said Mrs. Oriole, when Peeper fell. "Oh, how frightened I was!"

"So was I," said Peeper, "when I found I was hanging. You can't say it, and it is a little awkward, which means to go on," he added politely.

"Never mind," said a voice over the hanging nest, which was Uncle Wiggily could see, was just like a bag hanging from a branch of the tree.

The mother bird thanked Uncle Wiggily, who had told her the story to get the sugar for Nurse Jane. And, as he was carrying it to the hangar, he saw a sudden flash of the Woolly Wolf among the bushes and tried to tell Uncle Wiggily's ears.

"Here, let me let me alone!" cried the rabbit gentleman. He hit the Woolly Wolf over the head with the bag and the Woolly Wolf ran away, but the bag was broken and the sugar was scattered all over the ground.

"Oh, dear!" sighed Uncle Wiggily. "See what I have done. I never mind," said a voice over the hanging nest, which was Mrs. Baltimore Oriole and many of her bird friends. "We'll pick up every grain of sugar for you in our beaks," she said.

"But the bag is broken. I have nothing in which to put the sugar, even if you are kind enough to pick it up," said the bunny.

"Oh, let me let me alone!" said Mrs. Oriole. "We don't need our old nest any longer, as our little birds are now big enough to fly on their own branches. Get Uncle Wiggily our old nest and he can use that as a bag for his sugar."

So with the help of her bird neighbors, Mrs. Oriole cut the old hanging bag from the top of the tree, the pulled sugar was picked up and put in the bag nest and the bunny carried it safely to his business.

"I had a wonderful adventure," he said to Nurse Jane, and he told her the story of what you have read, and I hope you liked it.

Copyright, 1922.

There is confusion in the minds of many persons as to the difference between coco, coca, cacao and cocoa. The original spelling of the breakfast beverage, "cacao," has been preserved in German, Spanish and French, but England and America spell it "cocoa." It is the theobroma cacao that yields the chocolate drink. The tree is a native of South America, but has been planted in all parts of the tropics.

Tribune Clarice Patterns

Girls' Dress.

(No. 1346)

The cape dress is by no means restricted to the frocks for grown-ups, for the little folks' clothes have adopted capes as well. The one illustrated shows a very novel treatment of the cape, for what is a collar in front becomes a cape in the back.

The girls' dress pattern cut in sizes 6, 8, 10, 12 and 14 years. Size 8 requires 2 1/2 yards 36-inch striped material with 1/2 yard 32-inch plain material. Price 15 cents.

How to Obtain Clarice Patterns.

Write your name and address plainly, including city, giving the number and size of such patterns as you want. Enclose 15 cents in stamp or coin (wrap coin carefully) or each number, and address your order to Clarice Pattern Bureau, Oakland, TRIBUNE, Oakland, Calif. As these are ordered specially from Chicago, a few days should be allowed for delivery.

My hubby paid me the greatest compliment of all in these eighteen years of "wedded strife" when he accused

BAN UPHELD ON LAND TRANSFERS TO INELIGIBLE

Supreme Court Claims the Clause Valid That Makes Conspiracy a Felony.

The latest decision of the State Supreme Court regarding the alien land act holds that the section making it a crime for any person to transfer land to an alien ineligible to citizenship or to conspire to bring about such a transfer, is constitutional. In the action of Y. Akado of Petaluma the decision means refusal of a writ of habeas corpus and the disposal of one more test case. The decision follows:

The acquisition of land by an alien is positively forbidden by the act. It is immaterial that such acquisition is not made a punishable offense. The framers of the act deemed it a sufficient protection to the state to make it a public offense for any person to effect such a transfer. The fact that the act creates no other crime does not affect the validity of the section which defines the offense against the petitioner.

For like reasons it is immaterial whether the arrangement between Akado and Cockrell that the price should be paid by Akado and that the title should be taken by Cockrell would operate to create a valid trust in Cockrell in favor of Akado with respect to the land and the use thereof or not.

LEFT TO LEGISLATURE.

It is not claimed that the alien land act is contrary to the state or federal Constitution in respect to the provision forbidding the acquisition of agricultural land. It is well settled that in the absence of a treaty to the contrary, a state may forbid the taking or holding of property within these limits by aliens.

Our Constitution leaves to the Legislature the power with regard to all aliens ineligible to citizenship.

The provision of the act in turn allows such aliens to take and to hold agricultural land to the extent that such taking or holding is prescribed by any treaty with the country of which such alien is subject.

NO TREATY VIOLATION.

The treaty with Japan does not prescribe or secure to its citizens the right to take or hold agricultural lands situated in this state, hence the act does not violate the treaty in that respect.

Here the persons forbidden to take and to hold property are aliens who are not citizens and who are ineligible to become such. Since the statute makes it unlawful for such aliens to acquire agricultural land within this state, it is clear that there is also power to make it a crime to conspire to bring about such acquisition.

We are therefore of the opinion that the section of the act declares a public offense which may be enforced by our courts and that the indictment sufficiently states the offense described in that section.

Pretty Features in Readiness For Ad Masque Saturday

Spectacle and pageant scenes in Ad Masque. Amers, the Hindu slave girl, impersonated by Miss Burdette Spencer in "Aladdin," the Ad Masque spectacle, and the display of the Coast Tire and Rubber company in the pageant.

Three Hundred Performers to Appear in "Aladdin"; Decorations Are Completed.

All is in readiness for the seventh annual Ad Masque which will be presented by the Oakland Audubon Club at the municipal auditorium Saturday night.

This year's masque will feature "Aladdin," a spectacle drama written and staged by George Cummings and having in its cast some three hundred performers.

Stage settings and auditorium decorations have been completed by Otto Riehl, scenic artist and originality of design and execution marks the work as unique, according to the committee.

More than a hundred firms and organizations will be represented in the parade of ads, the second big feature of the Ad Masque. The floats are in readiness and a wide array of ideas will be advanced.

And over it all will reign the Goddess of Truth in the person of Miss Minnie Dietl with her servants, the Imps of Joy, the prettiest twenty-four red-haired maidens in Oakland, and the "truth girls" in each of the Parade of Ads stunts.

Rosebrook's augmented orchestra are tuning up for the big night. For who participants and spectators will dance the hours away as the climax in the feast of fun and color and life.

Special arrangements have been made with the street railway company for the transportation of the thousands who will attend the festive and late car service will be provided. Street cars leaving the auditorium at 1:10 a. m. are announced for Piedmont, Lakeshore district, San Pablo avenue, west Twelfth street, Grove street, College avenue, Telegraph avenue, Thirty-eighth avenue, Park boulevard and East Fourteenth street to Elmhurst.

'BABY ALICE'S' MOTHER FOUND; PLEADS POVERTY

Fashionably Attired Woman Who Abandoned Child to Be Prosecuted.

Attired in the latest style weat suit and wearing silk stockings and fancy pumps, Mrs. Irene Greathouse, who this morning acknowledged that she was the mother of "Baby Alice," the child on the steps of the parish house of St. Mary's church, Eighth and Jefferson streets, Sunday morning, declared that she was unable to provide for the child and that charitable institutions had refused her aid in caring for her children. She also acknowledged that she had another child, four months old, who was being cared for at the home of Mrs. O. Tagland, 1635 Lincoln avenue, Berkeley.

The finding of Mrs. Greathouse was brought about by her neighbors, who recognized the picture of Alice in a newspaper and informed Mrs. Jesse Jordan, who is the state superintendent of the Children's Home Finding Society of California. Mrs. Jordan went to the home of Mrs. Greathouse, 916 Seventh street, and after a conversation with her induced her to accompany her to the Children's Home, 3491 Sixty-sixth avenue, where the child had been taken by the police.

ADmits Being MOTHER.

At the home Police Inspector William Kyle questioned Mrs. Greathouse and she acknowledged that she was the mother of the abandoned child. Little Alice was found on the steps of the St. Mary's parish house by John E. Bass of 638 Eighth street, who reported the case to the police. A note was pinned to the child's dress stating that she was two years old, that her name was Alice, that she was a Catholic and that her mother had been forced to abandon her because she was unable to support her.

Mrs. Greathouse is being held in the city prison pending the swearing out of a warrant by Inspector Kyle charging her with child abandonment, which is a felony.

WILL RELINQUISH RIGHTS.

According to Kyle, Mrs. Greathouse has agreed to relinquish all rights to both of her children and turn them over to the Children's Home Finding Society. Papers a re now being prepared to this end.

Mrs. Greathouse is 21 years old, and of attractive appearance. She admitted that she is unable to provide for her children.

On April 24, 1921, she swore out a warrant for the arrest of her husband, Edward Greathouse, but he failed to show up to provide for his minor child. He was arrested on November 15 and placed on probation, on the promise that he would care for the child. He failed to do so, however, and several weeks later a bench warrant was issued by Police Judge Terrell. The police have been unable to locate him.

Mrs. Greathouse was formerly of Sacramento, and the relatives of her husband are said to be in Vallejo.

School Given Silk Flag at Ceremonies

Superintendent of School Fred M. Hunter (upper), laying the corner-stone of the Lockwood Junior High School; Fire Chief Sam Short (lower) presenting the school with the Capwell silk flag for proficiency in fire prevention work.

LAW PLANNED TO CHECK ACTIVITY OF KU KLUX KLAN

SAN FRANCISCO, May 17.—That the Department of Justice has made an exhaustive investigation into the activities of the Ku Klux Klan in Oakland and San Francisco and that several of its operatives had actually joined the organization was revealed at the Federal building today. It is understood here that the government is planning to take the matter before the Federal grand jury.

Following disclosures that the names of police officers, firemen and other public officials of various California cities appear on the membership roster of the Ku Klux Klan, Assemblyman Arthur Wenderling of Berkeley announced yesterday that he would introduce a bill in the next legislature which will deal with the activities of the Klan along the lines of the criminal syndicalism act of 1919.

An anonymous letter, telling District Attorney Matthew Brady of San Francisco, who made public a list of seventeen names found on the membership list of the Ku Klux Klan, to "lay off the K. K. K." was received by that official yesterday.

The letter also warned Brady to profit by the example of District Attorney Woolwine of Los Angeles, and declared "this will get you in worse than he is."

Evidently this refers to the fact that charges have recently been preferred against Woolwine by a woman employee. These charges were described by Woolwine as a "frame-up."

The San Francisco district attorney dismissed the letter as "of no importance" and addressed communications yesterday to the chief of police and the fire chief, calling their attention to the fact that the names of nine policemen and seven firemen had been found on the list. Both these officials stated that they would make a strict investigation as to whether any of the names belonged to the Klan, and that they would closely examine the Klan itself.

The result of their observations would determine whether or not the men should be retained in the service of the police and fire departments, they said.

Several police officers claimed yesterday that they had been on the list by misrepresentation. Sergeant Harry Cills said he had attended a meeting of an organization known to him as the Fidelity Club, but that it was a branch of the Klan.

The names of eighteen Eastbay residents, said to be members of the Klan, are in the hands of District Attorney Brady. Chief of Police Drew said he had not found any names of policemen belonging to his department on the list.

Educators Arrive in S. J. For Two-Day Conference

SAN JOSE, May 17.—Educators of prominence from all parts of California are flocking to this city to attend the two-day conference on educational research, which is to be conducted in the auditorium of the local State Teachers' college Friday and Saturday with speakers of national prominence scheduled to address the gatherings.

The conference opening Friday promises to be one of the most important in educational circles of the state this year and much significance is attached to the proceedings.

The complete program for the two big days of the conference was made today, the program being as follows:

Morning session, 10 o'clock. Presiding, Dr. W. W. Kemp, president of the San Jose State Teachers' college.

10:30—"Vocational Guidance in the Upper Grades and High School," by Dr. William M. Proctor, assistant professor of education, Stanford university.

11:00—Address, Dr. Raymond Franzen, director of research, city schools, Des Moines, Iowa.

Afternoon session, 2 o'clock. Presiding, Dr. Margaret S. McNaught, member state board of education.

2:30—"Treatment of Gifted Children in Oakland," by Dr. Virgil E. Dickson, director of research and guidance, Oakland public schools.

2:45—"Impressions from Two Years Spent in Testing Gifted Children," by Dr. Dorothy Yates, research assistant, Stanford university staff for gifted children.

2:50—"Teaching Results in the Case of Bright Children," by Grace Fernald, assistant professor of psychology, University of California, southern branch.

3:45—"Report on school success of gifted children by James C. DeVoss, director of bureau of research and extension, San Jose State Teachers' college.

4:00—"Testing for Musical Talent," by Dr. Esther Gaw, San Francisco State Teachers' college.

4:15—"California Survey of Gifted Children," by Dr. L. M. Terman, professor of education, Stanford university.

4:30—Faculty tea.

6:00—Banquet at San Jose Commercial club.

Evening session, 8:30 o'clock. Presiding, Dr. W. W. Kemp, president of San Jose State Teachers' college.

Address: "Some Aspects of Delinquency," by Dr. J. Harold Williams, director of bureau of juvenile research, Whittier state school.

Address: Dr. Ray Lyman Wilbur, president of Stanford university.

Morning session, 9 o'clock. Conference on school surveys.

Presiding, Walter Bachrodt, city superintendent of schools, San Jose.

Leader of discussion, Dr. J. B. Sears, professor of education, Stanford university.

9:30—"Fundamentals in Surveying," by Dr. J. B. Sears.

9:30—"School Building Surveys and Building Programs," Dr. F. W. Hart, professor of educational administration, University of California.

10:00—Discussion, Dr. J. B. Sears.

11:45—Announcements: state bureaus of research, University of California, Dr. Richard S. French, assistant professor of education, San Jose State Teachers' college, James C. DeVoss, director of research and extension.

Afternoon session, 1:30 o'clock. Presiding, Prof. Charles E. Huth, professor of education, University of California.

Leader of discussion, Dr. Virgil E. Dickson, director of research and guidance, Oakland public schools.

1:30—"Mental Survey of Motive County," Dr. J. V. Breitwieser, associate professor of education, University of California.

1:45—"Adjustments in California," Hon. Will C. Wood, director of education, state of California.

2:30—"Mental Tests and Delinquency," Dr. J. Harold Williams, director of bureau of juvenile research, Whittier state school.

3:00—"Mental Tests and Their Significance in High School," by Dr. Virgil E. Dickson, director of research guidance, Oakland public schools.

LOCKWOOD GETS CAPWELL SCHOOL FIRE TROPHY

Silk Flag Presented Champions in Prevention Week With Due Ceremony.

The silk flag offered by H. C. Capwell to the school making the best fire prevention record was presented to the Lockwood school yesterday afternoon in the presence of city officials, educators, students, members of the board of education and a large concourse of citizens in the district. The foundation stone of the Lockwood Junior High school was laid at the same time.

Fire Chief Sam Short, Captain Sandy of the fire prevention bureau, Superintendent of Schools Fred M. Hunter and President Harry Boyle of the board of education spoke on fire prevention and assisted at the ceremonies.

It was pointed out that Lockwood students are trained to the use of fire hose, know every fire alarm box in the neighborhood, and can empty the school almost instantly upon an alarm without direction from teachers.

The cornerstone of the Lockwood Junior High school was laid by President Boyle of the board of education.

Reasons for "Paint-Up" Drive Given

Better homes, a brighter city, preservation of property and the improvement of sanitary conditions are the objects of the bay counties "Save-the-Surface" campaign, according to C. E. Dunn, a member of the paint industry of Oakland, who spoke before the weekly luncheon of the Paint Club in Hotel Oakland today.

The campaign started on Monday and will continue for two weeks throughout seven counties surrounding San Francisco bay.

Dunn told of the movement made in the national campaign toward a better understanding and value of the use of paint. He urged upon the members of the club the necessity of cleaning up and painting up the city in preparation for the convention of Shriners next month.

Tanker Aground On Mud Flats

The Coninga, a Union Oil Company tanker, is aground on the mud flats off Alameda today. The vessel ran aground while being towed from the Oakland wharf to San Francisco. The four tugs that were towing her tried without success for several hours to move the tanker. The vessel was not damaged. She will float at high tide.

San Francisco News

Sierra and Plumas Reunion to Be Held

SAN FRANCISCO, May 17.—The twelfth annual reunion of the Sierra-Plumas Society is to be held on Sunday, May 28, at Mosswood park, Broadway at Moss avenue, Oakland. There will be a literary program and music. There will be other outing features.

S. F. Tax for Bay Bridge Is Planned

SAN FRANCISCO, May 17.—The Civic League for Improvement of the Bay and Associated Areas, which before the supervisors at the budget hearing a financial provision for the east side highway and lower bay bridge, is in the San Francisco budget for the coming fiscal year, or else in the new tax rate. Decision to take this action was arrived at yesterday at a meeting of the board of governors of the league.

ENGINEERS TO MEET

SAN FRANCISCO, May 17.—The Eighteenth Engineers' Association will hold its regular monthly meeting on Saturday night at Lincoln hall, Exposition Auditorium, at 8 o'clock. The business meeting will be followed by a smoker.

A. O. F. BRANCH CLOSING MEETING

SAN FRANCISCO, May 17.—San Francisco was selected as the meeting place of the 1923 convention of the Grand Circle, Companions of the Forest, the woman's branch of the Ancient Order of Foresters, at the sessions of their convention held yesterday.

It was also voted to establish a State headquarters of the organization in San Francisco. Supreme Chief Companion Miss Ethel Hunter will appoint a committee of ten who will make plans for the building and other details of the State office.

An assessment of 50 cents a year is to be made against the members, according to an agreement reached yesterday. This money will be used in conducting an active campaign for members.

Addresses were made yesterday by M. G. Paschoul, district supreme chief ranger of Hawaii territory, representing Valley Island Circle, No. 276, of Maui, and Joseph O'Brien, sub-chief ranger of Hawaii representing Lunallilo Circle, No. 275, of Honolulu.

The sessions of the convention are being brought to a close today with the election and installation of officers.

SCHOONER OZMO BUMPS ON REEF, REMAINS AFLOAT

BY UNITED PRESS LEADER WIRE TO TRIBUNE.

MARSHFIELD, Ore., May 17.—The motor schooner Ozmo, en route from San Francisco to Seattle in ballast, reported to have plowed onto a reef south of Cape Blanco in a fog early today, was still afloat shortly before noon, according to a wireless message received here from the disabled craft.

This report stated that the crew, which had started to take to the lifeboats early in the morning hours, was now manning the craft in an effort to save her.

The schooner, reported to have earlier in the day from San Francisco to have been standing by, has not been sighted, the wireless message stated. The tug Fearless from Coos Bay is en route to the scene of the disaster.

It was reported here today by telephone from Point Orford that the Ozmo had not crashed on a rock as at first reported.

This report said that the motorship had merely become water-logged and had come ashore when her engines failed.

The Ozmo is a power schooner, owned by the Northern Commercial company of San Francisco. She is 160 feet long and was built here in 1904. She was formerly the Hugh Hoggan.

The vessel was engaged in the Alaskan fur trade and was bound north, light.

"Save Redwoods" Rally for Tonight

The newly-organized "Save the Redwoods Committee" will meet tonight in the assembly hall at 312 Bacon building to discuss ways and means of saving the Redwood Park and Havens properties to the city of Oakland for park purposes.

State Senator Frank M. Carr, representing the Glenview Improvement club, will speak on the work of the State "Save the Redwoods" organization in obtaining legislative action.

Representatives of improvement clubs and fraternal and social organizations who have interested themselves in the redwoods will attend the meeting, which is held under the auspices of the Civic League of Improvement Clubs.

Philip Valentine Sued for Divorce

Philip Valentine, son of the late J. J. Valentine, president of the Wells-Fargo Express Co., was charged with cruelty by his bride of little more than a year in a suit for divorce filed by Mrs. Joyce Valentine. She alleges her husband's attitude has slowly changed from one of love and affection to indifference and neglect.

ADVENTISTS PLAN ACTIVE WARFARE UPON BLUE LAWS

SAN FRANCISCO, May 17.—Concluding their active campaign against the "blue laws," the Religious Liberty Committee of the Seventh Day Adventist church presented the third program of the world convention of the church, in session here.

James L. Moore, head of the Religious Liberty Committee, stated that he had recently ascertained that a campaign was being launched by "blue laws" advocates in 43 states in an attempt to put over their program of Sunday restrictions.

"The Religious Liberty Committee is framing a memorial which will be forwarded to Congress and will contain clauses opposing the enactment of 'blue laws,'" Longacre stated that every effort would be exerted in an attempt to prevent the passage of State or National laws which would make religious worship on Sunday compulsory and thereby defeat the purposes of the constitution.

Reports from foreign fields were received at both the morning and afternoon sessions of the convention yesterday.

Address was made on the medical work of the missionaries in the foreign fields, with special emphasis on those in the tropical countries. Reports made show that many of these missionaries are in need of sanitation and proper medical care. During yesterday's meeting of the medical department W. W. Fletcher of India reported that he had treated 200 patients, where he stated that more than 20,000 patients were treated each year.

Reports of workers in foreign fields yesterday included A. G. Roth of Haiti, S. E. Kellman of Havana, C. V. Ackenbach of Porto Rico and W. E. Baxter of Venezuela.

Accused Realty Man Admits Guilt

Although a jury recently disagreed as to whether he was guilty or innocent, J. E. Miller, local real estate man, accused of obtaining money under false pretenses, today admitted his guilt.

Miller is alleged to have secured a fraudulent loan from Mrs. Abbie L. Valley, East Oakland school teacher. In order to obtain the time in which to settle business affairs, Miller will not enter his plea of guilty for two weeks.

Plumber Burned By Fire in Shop

SAN LEANDRO, May 17.—Hert Rogers, proprietor of a plumbing shop at Estadillo avenue and East Fourteenth street, was badly burned about the hands and arms today when he attempted to extinguish a fire which caused \$1000 damage to his place. He was removed to the county hospital.

State Pythians Put Ban on Klan

CHICO, May 17.—A resolution condemning the Ku Klux Klan or any other institution seeking the security of rights for its operations and hiding its countenance behind the sheeted mask, was passed unanimously yesterday by the State convention of the Knights of Pythias in session here.

Any members of the order who hold memberships in the Ku Klux Klan are called upon to sever all relationships therewith because to do otherwise is to participate in the doing of that plainly calculated to disrupt and destroy the institutions of Pythians.

300 Join Capital Klan in One Class

SACRAMENTO, May 17.—A class, estimated at approximately 300, was initiated into the Sacramento Ku Klux Klan in the hills east of the city Monday night, according to signed articles by two Klan members. The class was held to have been witnesses of the ceremony. The articles state the newspaper men were blindfolded and driven to the place of initiation. The candidates took the oath of allegiance before a huge fiery cross.

Blair Denies He Is Member of Klan

SACRAMENTO, May 17.—John S. Blair, deputy state labor commissioner today denied Governor Stephens he is not a member of the Ku Klux Klan.

Blair's name was among those

CYCLE STUNTS ON PLANE WING IS PROHIBITED

SAN FRANCISCO, May 17.—Riding a bicycle on the wings of an airplane 1000 feet in the air while the plane is going 100 miles an hour is a trifle too risky, according to Major Arnold, air officer of the Ninth Corps Area, and Major George M. Brett, commander of Crissy Field. Wesley May, daredevil aerial performer, wanted to do the stunt in next Sunday's flying circus at Crissy Field for the benefit of the army relief fund. He says he'll do the stunt some other time.

Bundle of Sticks Will Hear Chiefs

Grand Elder Robert Grant and Past Grand Master H. W. Brunk of Berkeley will share the program to be presented at an open meeting of Oakland's Bundle of Sticks tomorrow evening at the L. O. O. F. Temple.

Grant will discuss the objects of the Bundle, and outline the progress the organization is making over the state. Brunk will speak on "Vital Pending Legislation."

All members of the local lodges of the Odd Fellows have been invited to attend.

French Aeronaut Wins Balloon Race

PARIS, May 17.—(By the Associated Press.)—Georges Biechet of France is unofficially declared winner of the annual balloon race for the Grand Prix of the Aero club of France, having landed near Bordeaux, 245 miles from the Eiffel tower, at his city where the race was started on Sunday afternoon. Blanchet won the grand prize in 1908-09-10.

CUBS CLAIM TO HAVE BEST CURVE ARTIST IN EX-ANGEL HEAVER

Pinelli, Caveney Are Going Good; Holling Is Not Pleasing Manager Ty Cobb.

By **EDDIE MURPHY.**

Many former Pacific Coast League players are grabbing off a lot of glory for themselves by their work in the major leagues this season, and chief among them is Vic Aldridge, the leaver who was with "Red" Killefer's Angels last season. Jimmy Caveney, former Seal, and "Babe" Pinelli, former Oak, have finally won the support of the Cincinnati fans. Hack Miller seems to be just about getting by with the Chicago Cubs, while Pitchers Herman Pilette and Sylvester Johnson manage to stick with the Detroit Tigers. Louie Guisto is still being used in the utility role by the Cleveland Indians, and Haney, who was farmed out to the Omaha club in the Western League by the Angels last season, is holding down a regular job in the Detroit infield.

Aldridge is not serving his first season with the Cubs, as he was

B. M. J.

Ruth, Meusel

Break Back in Game Saturday

Pair of Suspended Yankees
Are in Shape for the
Grand Re-entry.

NEW YORK, May 17. — Twenty pounds lighter than he was several weeks ago, Babe Ruth, almost a ball player again, was putting in his final preparations today for re-entering the line up Saturday in the

Arnold Sutz and Buck Miller are the only players in the majors who have played in the big leagues since the war. Sutz, who was with the Cubs this season, said he did not know anything about the prediction that Aldridge will win the batting title in the big leagues. He said he had never seen him play.

Miller, who has been in the majors since 1946, said he did not know anything about the prediction. He said he had never seen Aldridge play.

Miller is now playing the bench for the Cubs. He said he was having a tough time in the field, and not knocking down any balls.

Miller is now playing the bench for the Cubs. He said he was having a tough time in the field, and not knocking down any balls.

It took Pinelli and Jimmy Caveney some little time to get the Cincinnati fans booting for them, but they did it, and they did it with argument, and that is what will please the Coast fans who have been pulled up by the ears by the boys. Caveney and Pinelli have been guarding the left side of the infield since the beginning of the season. There is some doubt among the eastern scribes about Larry Kopf and Heinie Schaefer, but the boys are doing better than Babe and Jimmy. Read

"The question as to whether Caveney and Pinell guard the left side of the infield, as well as Kopf and Groh did last season, is one that will be debated all season."

ANY TIME eleven players are down and hobbles a few chances the fans will unanimously declare that the now defense won't do and any time the California play be liant ball the same fans will loudly assert that last year's defense is totally ineffectual. It is difficult to recall Pinelli and Caveney break about even with their predecessors: on the number of chances handled by the defense, Caveney and Pinelli look better—have handled more balls per afternoon than was the case with the previous

"Plucked can come in faster for a	20	444
bunt than Green Grass go fast, then	10	433
upward, second base for a fast	10	433
bounder, but nobody can, probably	15	466
never will, make it a mistake to	14	500
believe in waiting before murderous	14	500
drives and coming up with them.	12	466
Craveny has a longer reach, and	1	355
better hands than Kopf. He has	2	388
the same fault as Larry: a tendency		
to make wild throws. Apparently		
he is not quite as safe on a fly ball,		
but he can stop grounders a shade		
better. Taken as a total propo-		
sition, there is practically no differ-		
ence in the way the left side of the		
infield is guarded. It's up to the		
new men to make good, therefore,		
with the bat and on the bums."		

Carl Holland Gets in

"Dutch" With Ty Cobb.

If Carl Holling, former Oakland pitcher, is shipped to the minor leagues from the Detroit club by Tyrus Raymond Cobb, do not be surprised in the least. They say in the East that Cobb is very much disgusted with Holling's work, and that he has just about given up all hope of making a winning pitcher out of him.

WALLSTREET.

An investment in the Wallstreet shirt offers absolute security in

Heaven has been on the injured list with a broken wrist. The presence of Fred Hunter, the Tiger line-up, has caused many a fan to wonder how he ever got up there. He got there because—well, he did it. An Angel manager, pulled a wool, such as the best managers in the country will make once in awhile—he let a good big player get away from him without the proper trial.

Cincinnati Club Would Take Oliver Mitchell.

Such is Cincinnati the fans and scribbles are predicting that Manager

the correctness of its style—and pays substantial dividends in the long wear of its fine poplin cloth.

The Tide Street Line of soft-collar shirts

Pat Moran will soon make his way back to the majors. Mitchell is now with the San Francisco Seals and has been winning quite regularly. According to the eastern dope, the Reds may have a claim on Mitchell, and Moran may try to make use of it in the near future. The way the Red hurriers have been going lately, Mitchell would no doubt prove a valuable addition to the staff. The club has paid birds a big wad of money to get Lynn Brento and Bob Gerry away from the Seattle club, and they would probably be glad to do the same thing to get Mitchell back. Besides cash, the Reds would be willing to offer the players, but they do not appear to be in a position to do the latter. No doubt the owners of the San Francisco club will not be willing to let go of

CITRUS MARKET FIRMS UP, WITH LEMONS IN LEAD

Advance Arrivals of Cherries Very Slow to Show; Beans From Imperial In.

The citrus market manifested new signs of firmness today when prices of Valencia oranges got up from \$7.00 to \$7.50 a box, and were thus on a par with the fancy navel. The latter variety is about at the end of its season and the Valencia, which will remain until next fall, promises to maintain prices. Lemons, too, are stronger in tone. The quotations of the Fruit Growers' Exchange have risen \$1 in the past two weeks and today the fruit is almost as high as oranges. The approach of warm weather was a constant menace in the use of the fruit is responsible for the boost in price. Also the supply is limited owing to the cold weather last winter. In company with the orange and lemon firmness grape fruit is also stiffer in price.

The Hunt-Hatch Company people showed four boxes of Purple Guigo cherries, the first of the variety to be seen here. The fruit was packed in 10-pound boxes, and sold at \$2.50 a box. It is expected that from this time on the shipments of cherries will begin to show themselves in quantities to justify hanging up regular quotations.

Beans from Imperial are now coming in considerable quantities. Italian summer squash from the Merced region got into the regular quotations at \$2 to \$2.25 a box.

Arrivals today included 1 car of asparagus and 2 cars of oranges. The asparagus arrivals were up to average with the quality of the market recovered from the effects of the hot weather will.

Cane sugar got up from \$5.50 to \$5.75 today and beet from \$5.50 to \$5.70.

"Strawberry specials" have been inaugurated on the Southern Pacific Union yesterday. In order to take care of shipments of strawberries and raspberries from the Pajaro and San Juan valleys, Gilroy section and Salinas district to San Francisco or Oakland and Southern California, the special berry trains, leaving Watsonville Junction at 7 p. m. daily and picking up shipments from other berry centers, the special train arrives in San Francisco or Oakland early the following morning in time for last day's market.

The berry season extends from May to September.

Discussing the crop prospects up to the middle of the month the report of R. E. Dismore, director of the Department of Agriculture, says: "Weather conditions since our last report have been varied and not entirely favorable. Rain fell in all parts of the state on May 8 and doing much good. The first cutting of alfalfa has been made and grain hay is now being cut. Rice planting has been completed, with a slight increase in acreage indicated. Pasture conditions during the past two weeks have generally been good; the recent showers helping sections where grass was not already too mature. Dry winds in the Sacramento Valley and in certain sections of the Central Valley have dried the grass to such an extent as to cause a movement of sheep into the hills. Spring rains are still moving east in large numbers. It is estimated that about 60 per cent have been shipped to date.

GRAIN CONDITIONS. The grain conditions are still favorable with prospects for a good crop. Rains were reported as of some benefit in the Sacramento Valley and Southern California. The wheat grain has just passed the blooming stage and should not dry from wind prevail, in is rather a critical condition. Grain is reported as maturing rapidly in the San Joaquin Valley, where in some sections bumper yields are expected. High temperatures would have a tendency to unduly force ripening. Southern California re-

RADIO FANS ARE
ENTHUSIASTIC ON
TRIBUNE CONCERTVaried Program, Taking Up
Entire Hour, Delights
Listeners.

The TRIBUNE radio broadcast from KZM last night, featuring Keoke's Hawaiian quartet and two other artists, scored another mark of satisfaction among radio fans. The TRIBUNE was on the air for one hour.

The Hawaiian quartet, composed of Joe Rogers, Louis Richards, George Otto and Joe Freitas, pleased thousands with its varied selections, ranging from Hawaiian melodies to jazz and vocal numbers to solos.

John Brown, harmonica master, did more than his bit last night toward entertaining the thousands that were listening in. The harmonica music was as pleasing as ever, and while the last three programs from KZM have contained harmonica numbers, some of the fans still ask for more.

Miss Evelyn Prevost, the miniature Gull Gull, pleased all who heard her. For a mere child she possesses a voice of rare qualities.

The next entertainment program from The TRIBUNE station will be on May 23. There will be no program on Friday night, due to certain tests and experiments that are to be made with the new broadcasting studio during all this week. The Fairmont hotel will use The TRIBUNE's time on Friday night, and The TRIBUNE at a later date will be on the air on Fairmont hotel time.

The TRIBUNE is on the air every evening at 7:15 with the regular general news summary of the day and Pacific Coast league ball scores.

The next three radio entertainments from The TRIBUNE have been planned ahead of time, and each will be furnished by a varied selection of noted artists. The names of some of these artists, when announced, will be an invitation to all radio fans to tune in when KZM comes on the air.

SHINOLA
America's Home Shoe Polish
GIVES NEW LIFE TO SHOES

The SHINOLA box has an easy turning-key that automatically lifts the lid. No soiled hands or broken finger nails.

Black, Tan, White, Ox-blood and Brown.

—Always 10c.

To make shoe shining an easy habit—get the SHINOLA Home Set.

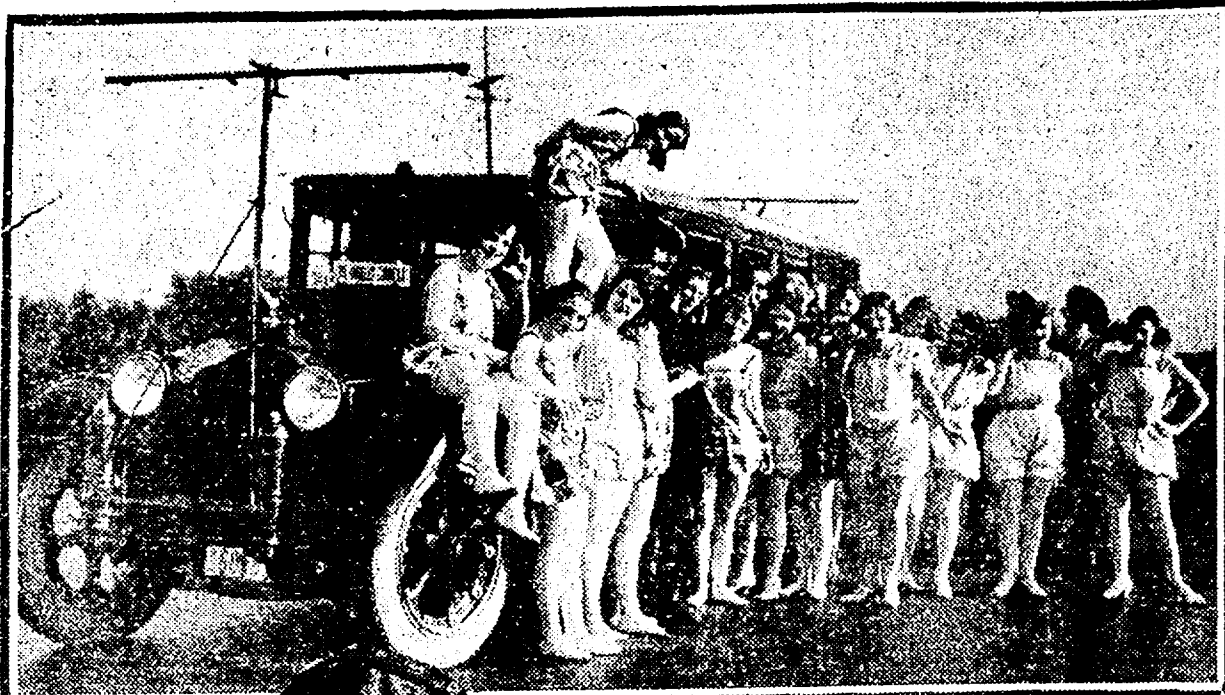

A genuine brittle deuber which cleans the shoes, applies polish quickly and easily.

Large lamb's wool polisher brings the shine with a few strokes.

It's best to say "SHINOLA"

Radio Bus Sighs Under This Load

Jack Russell's chorus from the Century Theater hopped off the stage and climbed aboard the radio-equipped bus of the California Transit Company to take a listen-in. They are seen here just after returning from a ride about the bay, listening to radio music over the special equipment installed in the big bus. Lower left is Elsmore Savage, leading lady, listening-in. The aerial which picks up the music from the ether waves is seen running along the top of the bus.

Say you saw it in The TRIBUNE.

Y.M.C.A. HOLDS
BOY HOBBY SHOW

SALINAS, May 17.—The club rooms of the Salinas Y. M. C. A. hold some very handsome and unique exhibits, this being "Hobby Show" week for the different clubs of the Y. M. C. A. The exhibition is under the direction of Secretary Arthur T. Pearson and every boy in Salinas has the opportunity of exhibiting his favorite "hobby."

The exhibits are classified as follows: Manual training, arts and crafts, drawing, both freehand and mechanical, paintings, stamp collections, miscellaneous collections, airplanes, electrical works, photography. The merchants of Salinas are awarding valuable prizes for best exhibits.

"BEWARE KISS THAT KILLS."
BERLIN.—Warned cryptically by a fortune-teller to "beware the kiss that kills," Herr Friedrich Jenschaffen laughed at what he considered a joke. The next morning his wife stabbed him to death as he kissed her good-bye.

5. A broadcasting schedule which contains a this information is being mailed you.
7. When local stations are referred to it means those about the station.

WATER ROBERTS.
O. T. H. C. Member No. 1361.
1. It is possible but not probable.
2. GGG is H. W. Larkin, 2487 Alameda avenue, Pasadena. The balance of these calls are unlisted.
3. 50 watts.

Radio Editor TRIBUNE: Can a phonograph horn, and can the sound box be used? I have an 80-ohm receiver.

Radio Editor TRIBUNE: (1) Is an aerial 320 feet long too long?
2. Can a six-volt transformer be used instead of an "A" battery? If so how do you hook it up?
3. How do you find the wave meter of your aerial?

ROBERT RUNKER.
Alhambra, Cal.
1. Yes, it is too long for short wave reception. One wire 150 feet is long enough.
2. Yes, it can be used but it is not ordinarily satisfactory. You will receive a diagram by mail.
3. It can be obtained with a wave meter or approximated by formula when the height, number of wires and length is known.

THE TRIBUNE radio department will be glad to furnish information to anyone contemplating the purchase or construction of a radio receiving set. Anyone wishing to obtain information on the most reliable places where radio receiving sets may be purchased, or the most reliable manufacturers of radio sets, must call in person, as the questions will not be answered in The TRIBUNE. Dozens of such questions are received daily, but can not be answered in the questions and answers column.

ANSWERS TO
QUESTIONS

Radio Editor TRIBUNE: (1) I have a crystal set with a home-made variable capacitor. If I put a variable condenser across the secondary will it help the set?
2. What sizes tubes should I use for a loose coupler about 12 inches long?
3. What size wire is best for primary, secondary?
4. How many taps for secondary? Do I need them?

ELMER COOK, San Jose.
1. Yes.
2. Four-inch for primary, three and seven-eighths inches for secondary.
3. No. 20 enameled for primary and No. 28 DCC for secondary.
4. Yes, take a tap off every ten turns on the secondary.

Radio Editor TRIBUNE: I am interested in radio and would like to know if you could give me any information on how to make a home receiving set.

ROBERT MCGINNIS.
1123 Forty-fourth avenue, Oakland.
No. Ordinarily the energy from a crystal set is not sufficient.

Radio Editor TRIBUNE: (1) I received your answer to my questions about the hook-up of my set this morning and tried it out. I didn't get anything on it so far. I have for the past few days used another hook-up, a diagram of which is enclosed, but the buzz is still there. What causes it? Even through the buzz I get fragments of Fairmont and Rockridge. My aerial is a two-strand wire No. 14, 45 feet long and 23 feet high, with a lead-in of 25 feet. What is the matter with the enclosed diagram? Why does my set buzz all the time?

2. Could you use a variable condenser for a phone condenser instead of a fixed condenser? I have no condenser at present but am figuring on buying a variable.

3. What are the prices of these condensers, 23-plate and 43-plate variables?

4. What kind of sending and receiving sets do you have to have to take out a government license and what does each consist of? How much would the set cost?

5. Are there any stations sending in the morning that I could hear on the set described?

6. What are the names, call numbers and usual broadcasting times of the phone stations that could be heard on a two-step?

7. What stations are called the "local phone stations?"

O. T. H. C. NO. 1661.
1333 Sixty-eighth avenue, Oakland.
1. The hook-up forwarded you is correct and is the best crystal hook-up in your drawing. You have the taps all connected, apparently by a wire. If this is the way you have hooked it up, there is a very good reason why it does not work. There is no connection between taps except through the coil. The hook-up is given here again for your information.

2. Yes.
The 23-plate costs \$3.75 and the 43-plate \$5.
3. The government license is obtained by passing an examination, not by having some special type of set. You need not pass the test and obtain the license.
4. B. Broadcasting starts daily at 9 o'clock in the morning.

RADIO ADDRESSES
TO BE FEATURE
UNIVERSITY DAY

Attempt Will Be Made to
Pick Talk by Hoover
Out of Air.

STANFORD UNIVERSITY, May 17.—Preparations are being made for the receiving of radio addresses from Herbert Hoover, secretary of commerce, and Will Irwin, the novelist, next Saturday night at the Stanford Alumni dinner. Hoover and Irwin will speak from Washington, D. C. over the radiophone, and an effort will be made to pick up the messages here as part of the University Day celebration.

Arrangements for the reception of the messages at the dinner Saturday night are being made by Prof. Harris J. Ryan of the Stanford electrical engineering department. He is using the radio receiving set recently given the university by the Col. B. Kennedy company of San Francisco to aid him in his experiments.

Tickets to the dinner were yesterday made available for the members of the senior class who wish to attend. Seven hundred persons are expected at this affair. "So great is the interest in the program arranged for the dinner that tickets admitting to the gallery will be sold to those unable to attend the dinner itself. An alumni-student body will follow the dinner, and Charles K. Field, '95, will preside at the evening's entertainment.

Here's Method to Strengthen Signals

Radiophone and telegraph signals may be increased many times their normal strength in the average auditor set, it has been discovered by placing a magnet at a certain place on the bulb and at a suitable weight. In the experiment a U. V. 200 radiotron was used.

The bulb is raised or else the magnet is placed as shown in the diagram. The magnet must be level with the plate "P." It is better to have the poles of the magnet close together.

CUPBOARD KILLS CHILD.
BAKERSFIELD, May 17.—Clyde Peter, the 5-year-old son of Mr. and Mrs. Clyde H. Peter of Bakersfield, died yesterday afternoon when he pulled a cupboard over and was crushed under it.

Fifteen Minutes
of Radio Daily
By Edward M. Davis

(Copyright by Edward M. Davis).
(All Rights Reserved by United Feature Syndicate. Reproduction Prohibited).

One of the properties of the three element vacuum tube is that when a slight change is made in the potential impressed upon the grid the current in the plate circuit undergoes a greater change. This inherent characteristic of the three element vacuum tube is the basis of the multi stage amplifiers where the plate circuit of one tube is connected to the grid circuit of the next succeeding tube and so on until the desired intensity of signal is reached. It has been shown by H. H. Armstrong that amplification similar to that obtainable with several stages may be secured with a single tube.

Instead of applying the voltage of the plate circuit to the grid of the next tube, it is fed back into the grid circuit of the same tube so as to increase the potential on the grid. The result is an increased value of the plate current which is merely a coil of wire in series with the plate and telephone set arranged as to be in inductive relation to the secondary coil, in the case of two circuit receivers, or

Regenerative receivers possess the valuable property of not only amplifying the signals from damped wave transmitters but by increasing the coupling between the plate and the grid circuits beyond the point of maximum signal the circuit may be made to oscillate and thus function as a receiver of continuous wave signals operating upon the heterodyne principle. A regenerative receiving system thus makes use of the three properties of the three element vacuum tube, namely, detection, amplification and generation.

Here's Program For Broadcasting This Evening

FOLLOWING is the radio broadcasting schedule for this evening, beginning at 5:30 o'clock.

5:30 to 6:00—Sacramento Bee, press and concert. (KVQ).

5:30 to 6:45—Examiner, weather report, press and concert. (KUU).

6:30 to 7:00—Modesto Herald, press. (KND).

6:45 to 7:00—Rockridge, concert by Miss Virginia Treadwell. (KZY).

7:00 to 7:15—Fairmont hotel, financial and stock reports. (KDN).

7:15 to 7:30—The Oakland TRIBUNE Western Radio Institute, Hotel Oakland station, complete general news summary of the day; baseball scores. (KZM).

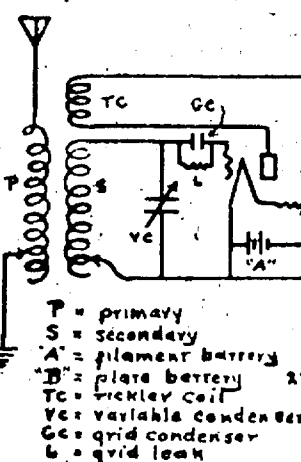

7:00 to 8:00—Gould, Stockton, concert. (KJQ).

7:30 to 8:15—Rockridge concert. S. T. Lewald, violinist, accompanied by Irwin G. Barnett at the piano.

8:00 to 9:00—Sacramento Bee, concert.

8:15 to 9:00—Herrold Laboratories, San Jose, concert. (KQW).

Regenerative Receiver

T = primary
S = secondary
A = filament battery 4 v.
B = plate battery 250 v.
TC = tickler coil
VC = variable condenser
GC = grid condenser
L = grid leak

Regenerative receivers possess the valuable property of not only amplifying the signals from damped wave transmitters but by increasing the coupling between the plate and the grid circuits beyond the point of maximum signal the circuit may be made to oscillate and thus function as a receiver of continuous wave signals operating upon the heterodyne principle. A regenerative receiving system thus makes use of the three properties of the three element vacuum tube, namely, detection, amplification and generation.

In the reception of music and speeches it is found that too much regeneration produces distortion of the received signals sometimes to a degree which renders the signal unintelligible. This condition while not so objectionable in the reception of telegraphic code signals has resulted in active development of the radio frequently amplifier for short wave lengths. By properly adjusting the value of the coupling between the plate circuit and the grid circuit a point may be found where very good amplification may be obtained with little noticeable distortion. The intensity of the signal is many times greater than the signal obtained with the vacuum tube detector without the regenerative feature.

Mail Planes to Be Equipped With Radio

WASHINGTON, D. C., May 17.—Transcontinental mail planes will soon be equipped with radio, the first having been placed in the Washington shops for that purpose this week. The planes will also be equipped with direction finding devices which will greatly aid the pilots in fog or heavy weather. The sets will have a range of 500 miles, so that the planes will be in constant contact with the nearest station.

Young Girls
Need Care

FROM the age of twelve a girl needs all the care the thoughtful mother can give. Many a woman has suffered years of pain and misery—the victim of thoughtlessness or ignorance of the mother who should have guided her during this time.

If she complains of headaches, pains in the back and lower limbs, or if you notice a slowness of thought, nervousness or irritability on the part of your daughter make life easier for her.

Lydia E. Pinkham's Vegetable Compound is especially adapted for such conditions. It can be taken in safety by any woman, young or old.

Read How These Mothers Helped Their Daughters

Greenville, Del.—"I was under the impression that my eldest daughter had some internal trouble as ever since the first time her sickness appeared she had to go to bed and even had to quit school once for a week. I always take Lydia E. Pinkham's Vegetable Compound myself so I gave it to her and she has received great benefit from it. You can use this letter for a testimonial if you wish, as I can not say too much about what your medicine has done for us." Mrs. Wm. S. Hughes, Greenville, Del.

Wauseon, O.—"My daughter always had backache and leg-ache at certain periods and could not be on her feet. We read about Lydia E. Pinkham's Vegetable Compound doing girls so much good so she began to take it. That is two years ago and she is a different girl since then, able to do any work she wants to do—and so well and strong. We recommend the Vegetable Compound to mothers with ailing daughters." Mrs. A. M. Borkholder, Route No. 2, Box 1, Wauseon, Ohio.

The Sensible Thing is to Try

Fire Risk Is Not
Increased by Radio

Contrary to the prevalent opinion that the installation of radio equipment increases the rate of insurance on buildings in which it is installed, a ruling of the Suburban Fire Insurance Exchange, which is maintained by the leading fire insurance companies of the United States, announces that radio installation is considered in the same class as the installation of electric lighting wiring, which has no effect on insurance rates in most states.
